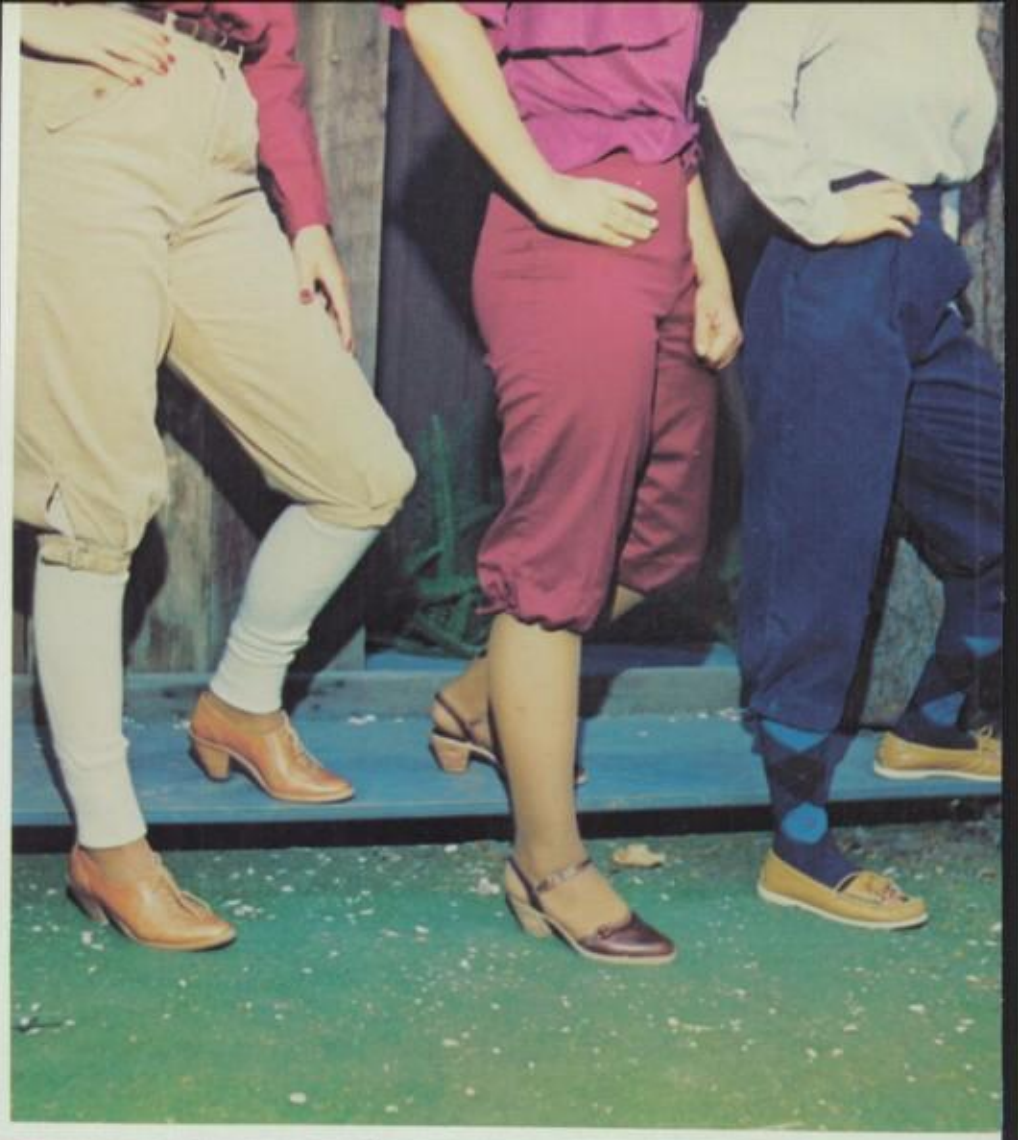
Dressed To Kill

Fads and fashions were a part of life and Manteca High students lived with the times. Up to date fashions were seen all over the campus along with the new fads. The 'Preep' look and straight leg pants were very fashionable. Izod alligator shirts and button down collars made any student look 'Preppy'. The Country Western look also became popular with Wrangler and Lee duds. Shoes became more important, enhancing the wardrobe of the fashion minded student. In the halls off the wall Vans, Top siders, and moccasins could be seen alongside classy cowboy boots. New expressions like, "I'm sure" and "Really" were heard in the class room as Mr. Lathrop told some unbelievable stories. Driving to and from school some popular bands could be heard as stereos blasted out songs by Journey or Styx. Students absorbed all the tunes they could before a hard day of work at school. On the way home students stopped by 7-Eleven or the Power House to play the popular game of 'Pac Man', that is if they had any lunch money left.



1. Nickers enhanced the bottom half.
4. Izod alligator shirts, the colorful preppy look.

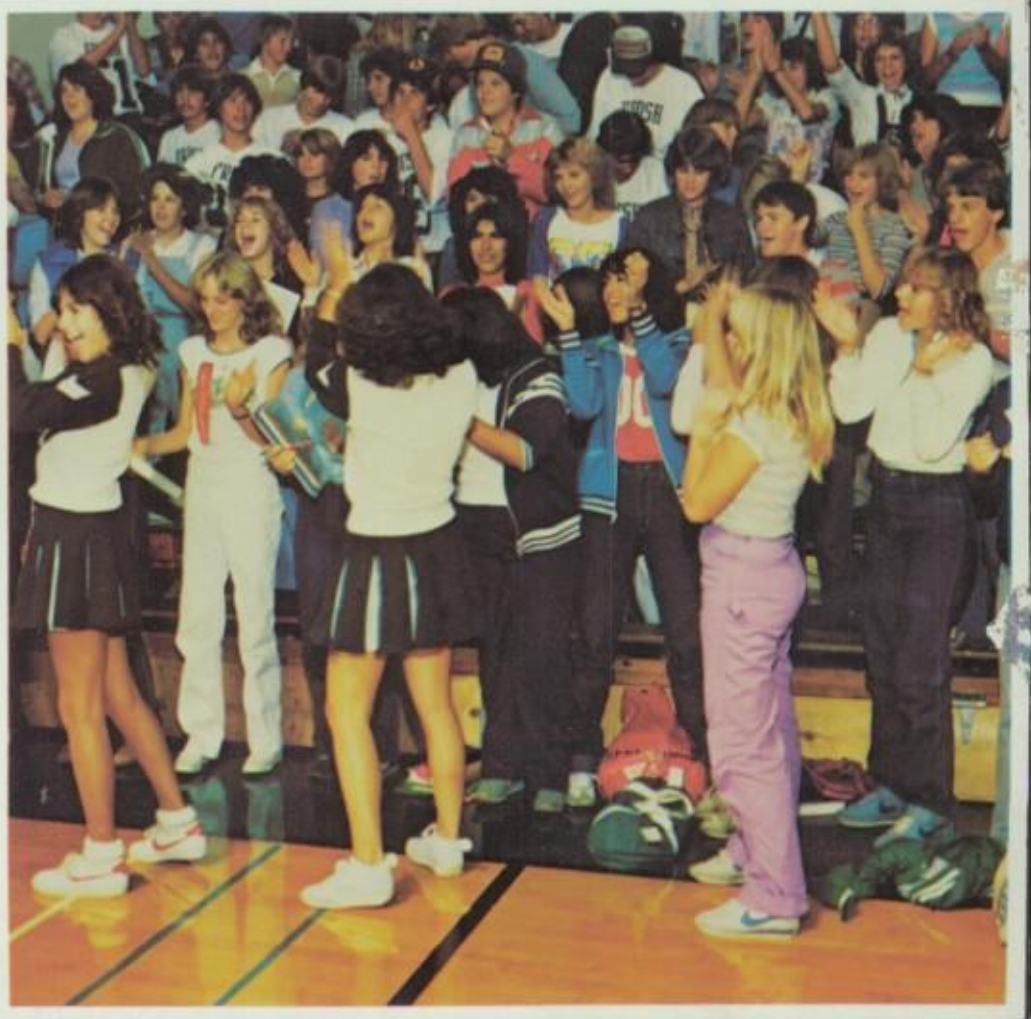
BUFFALO CHIPS

The time is here, it s
finally come, but to some
of us, in reality, it's
only just begun. So,
lets take the time now, to
reminisce about this year—
funfilled memories that
will linger oh so dear
There were games we played
on fields and games we played
on courts, but the game we
strived harder for was the
game we played for life. There
were times we had that were so
fun, exciting, new, and so dear,
but then we shared some discouraging
times, trying times, and then always
there were the times we feared. We
had parties, dances and rallies that
gave us our excitement for the year,
but can you remember your first
date and how nervous you both were?
The year was so awesome and you
dare not to forget, all the many
special times shared with friends
and all the new people who you
met. Don't trade your memories
of great ol' M.H.S. and may the
class of 82' wish you the very
best. For this school has
been a friend and a home to
us and one we're sure never
to forget. May you stand
proud Manteca High, and
your spirit always fly.



Rallies Boost School Spirits

"Hey Crowd, How Do You Feel?" asked Myrna, Tina, and the other songleaders. "We Feel Good! Oh, We Feel So Good—UGH!!!" answered the crowd. Cheers are an integral part of any rally and Manteca was no exception. Cheerleaders, songleaders, and mascots led the students in everyone's favorite cheers and filled them with anticipation for the coming game. The Pep Band heightened the excitement of the crowd to new levels with songs like "We Are Family," "Sounds Of The Beach Boys," and "On Wisconsin," the school fight song. Class competitions were also used to elevate students' spirits. Contests included pushing chairs from one side of the gym to the other, racing with footballs between knees, and girls throwing pies at guys.

Awesome Nights In Lights

"The band was awesome, and so were the girls," said Troy Gotschall about the Oakdale after-game dance. After most Friday night football and basketball games students would stand in what seemed to be mile-long lines outside Winter Gym, anticipating a great evening of dancing. The Hello Hop was the first dance of the year and was exciting for all freshmen, especially Rick Halseth and Denessa Codog, who were crowned king and queen. The Christmas Formal had a great turn out. Everybody was in merry spirits all spiffied up in their dresses and suits. At the Sadie Hawkins the girls really enjoyed getting hitched to their favorite guy, while dancing the night away. Rock n' roll seemed to be the favorite type of music played by such bands as Solitude and Laser Boy. The psychadelic colors and strobe lights helped add to the terrific atmosphere. The dances were sponsored by clubs and classes to help raise money for different activities such as end of year trips. James Dickman summed up the dances when he said, "The dances were great, I even missed a motorcycle race to go to one of them."

Crazy Days

"Homecoming week was wild and crazy!" said junior Deanna Durham, referring to the week when everybody found out who really had the spirit. Many students showed their spirit Monday on Clash day. The colors and unmatched shoes were really wild. Tuesday was Ancient History day. Many students wore togas while others were belly dancers, cave men or oil shieks. If you walked down the hall on Wednesday you would have forgotten what year it was because the 50's seemed to be the favorite. Thursday was the traditional Green and White day before the big homecoming game. Friday could have been mistaken for Halloween on Masquerade day. People really went crazy! Costumes ranged from ghosts, monsters and witches to kitties, babies and hot dogs. Each day student council picked a girl and guy that were best dressed. The winners were: Clash day, Collette Fry and Richard Say; Ancient History day, Lisa Hayworth and Stephen Rollins; 50's day, Dora Aufdermaur and Brian Loeffler; Green and White day, Antonia Silva and Scott Keener; Masquerade day, Butch and Christina Zapata. Danny Trusas summed up the week when he said, "Dress up week is one of the funnest times of the year. It's a chance to get crazy and be weird!"

7. On 50's day students rock to the "Jailhouse Rock".

A Super Freaky Night

Tremendous turnout can be the words to describe the awesome night rally of 1981. Everyone displayed their excitement but the senior spirit totally dominated the annual event. It got off to a great start at the library where students gathered for the snake walk and then slithered to Winter Gym. There were class competitions, cheering mothers, spirit leader routines, the ever popular worm dance and a special appearance by the Blues Brothers on their special mission from God. The various dress codes were: Freshmen in crazy shoes and hats with shoe strings as noise makers; Sophomores were inside out with pencils and pens as their instruments; Juniors in Western duds and making noise with clickers; and Seniors came dressed in togas and used party favors. The rally broke our tradition and was held on Tuesday night with the crowning of our royalty and the big game happening on Thursday. We had our homecoming dance on Friday night which ended a super week of spirit, craziness, great times and a lot of fun! Overall, the 1981 Night Rally was successful and the students of M.H.S. had a fantastic time.

Buffs History Hits Streets

Racin' to the street, trying to get the best seat on the side walks of the school and around town; that's how it was at Manteca High on homecoming day before the start of the annual parade. Spirit and enthusiasm filled the streets of Manteca during this fantastic event. Everyone was ready and waiting for the start of a great parade to lead them into a terrific night and an excellent homecoming game. Leading the parade was Grand Marshall Arte Fairbanks, longtime counselor and friend of many at Manteca High. In the class float competition with the theme of the parade being, "History of the Buffs, Part I", the Seniors once again took first place with their self made army tank with the theme "Buffs go to War". Following close behind were the Juniors with their float and theme "Where the Buffaloes Roam". In third place were the Freshmen with their float spreading the words of "Bury the Patriots". The Sophomores then followed with the theme of "Sink the Patriots". Joining the class were the PTSA and Key Club. Along with the clubs and classes there were of course the queen and princess candidates. They paraded around in their shiney Corvettes trying to overcome their nervousness and look their best. Of course the parade wouldn't have been the same without the Buffalo band, parading through the streets raising spirits in every one they passed. The spirit the parade brought along with the Night Rally, Snake Walk, dress up days, and the victories our football teams had over Byer made Manteca High's homecoming of 1981 a most memorable event.

A Wild Week

Wild and crazy dress up days, an ecstatic night rally and a thrilling homecoming night filled homecoming week with enthusiasm and excitement. Dress up days brought extra fun and zaniness to the week. Starting on Monday students clashed in really wild colors. Tuesday everyone dressed in togas and caveman outfits. Wednesday, the oldies but goodies dressed in fifties style. Thursday was the annual green and white day. Friday ended in an erotic masquerade party. Tuesday was the night of the night rally. The seniors dressed in togas and their noise makers were party favors. Juniors dressed as cowboys and their noise makers were Buffalo clickers. The sophomores wore their clothes inside out and used pencils and pens for noise makers. The freshmen wore crazy hats, socks and shoes and their noise makers were shoe strings. In the homecoming parade, the class floats were very close in competition. The seniors once again took first place. Juniors followed right behind taking second. Freshmen showed their amazing talent by taking third place. Bringing up the end was the sophomore class float. On Thursday night our awesome football team won once again by the score of 28-14. An enthusiastic dance on Friday ended our great week.

Royalty Reigns Activities

Following the homecoming tradition of past years, Sandy Saenz was crowned Queen and Collette Fry Princess of the 1981-82 school year during halftime activities of the Manteca-Beyer varsity football game. Breaking tradition, however, were the actual days on which homecoming activities were held, including the game, which was held on a Thursday evening. 1980 Homecoming Queen Broni Steves crowned the surprised Sandy Saenz. Other candidates included Debbie Aiello, Cathy Neumann, Myrna Scriven and Julia Simpson. The five candidates were chosen by the varsity football team after each club and class nominated a senior girl for the honor. Collette Fry was crowned Princess by Margaret Nelson, who reigned as Princess the preceeding year. Three Princess candidates were chosen by the sophomore football team after all sophomore history classes nominated one girl. Candidates included Roxanne Rauchman and Sherri Silvey. After the crowning, the two winners were driven around the track in their own corvette to hear the cheers of approval from the spirited crowd.

Terrific Tunes

After a great week of spirit, dress up days, and the big football game, everyone was ready to go to the dance Friday night. Multi Source was the disc jockey. They played terrific tunes the whole night through. Some favorites were AC/DC, Foreigner, Rick James, and Billy Squier. Crowned the night before, Queen Sandy Saenz and Princess Collette Fry both attended and looked like they were having a terrific time. The highlight of the night, was the presentation of the spirit trophy. The victorious senior class won it again. Representing the seniors and accepting the trophy, was senior class president Laura McDonald. Coming in a close second in spirit week were the Freshmen, third the Juniors and last the Sophomores. Everyone showed how much spirit they had by coming to the homecoming dance that ended a terrific week of homecoming activities.

Buffs Homecoming Ecstasy

Perfect tradition of Friday night homecoming was broken when the football game was played on Thursday, October 23, 1981. The Buffaloes detonation started when quarterback Gerald Capps put numbers on the scoreboard with a ten yard run to the endzone. Our awesome defense did it again as senior Greg Harris intercepted a pass—one of four Buffalo interceptions—and returned it forty-seven yards to give us a 14-6 halftime lead. After the thrilling halftime activities, the Buffs exploded onto the field with everlasting spirit. Tailback Pat Schimke made an outstanding 106 yards on 13 carries before being injured in the third quarter. Fired up Chris Ochoa made two fourth quarter touchdowns, one on an excellent 47 yard punt return and the other on a 4 yard pass from senior Gerald Capps. Our hot varsity football team overcame the Beyer Patriots 28-14 in non-league action. Head Coach Mick Founts commented, "The varsity homecoming game was one that was spirited and filled with exceptional plays made by exceptional athletes. With this game, our Buffs proved that we could bounce back and punish a team! The game proved the Buffs have pride."

We are the Best—Go MHS

"Our squad worked well together and we were proud of our team," said Junior Ruble. The hardworking Sophomore fall cheerleading squad consisted of Roxanne Rauchman, Carrie White, Junior Ruble, Sherry Silvey and head cheerleader Annette Lake. They attended cheerleading camp in Squaw Valley and earned many awards. For their strong efforts they received a superior trophy, 12 superior ribbons, 8 excellent ribbons and a spirit stick twice during the week. For fund raisers they had a car wash, attended the spirit athon and sold raffle tickets. "I had a great time cheering for our #1 Sophomore basketball team!" Wendy Trenchick said excitedly. The exuberant Sophomore winter cheerleaders were Yvette Valterza, Sandi Wheeler, Wendy Trenchick, Becky Frost and head cheerleader Kathy Costa. The girls went to Santa Cruz cheerleading camp and were awarded 13 superior ribbons, 7 excellent ribbons and a spirit stick twice. The second time they were honored to bring it home for winning it on the last day. They attended the spirit athon and put together a car wash for fund raisers. The freshman cheerleaders were Milly Morales, Jodi Nino, Marilyn Elliott, and head cheerleader Chris Rapisura. They had a bake sale to raise money. When asked what it was like to cheer her first year of high school, Milly Morales said with enthusiasm, "It was really exciting to cheer for an undefeated football team!" Hard and long practices, getting secret pals goodies, making posters and decorating locker rooms were just some of the things these dedicated Sophomore and Freshman cheerleaders did for their teams.

Sensational Spiritleaders

High spirits carried the Fall Varsity Spiritleaders to a successful season. They started off by attending a 3 day camp in Santa Barbara where they learned various cheers and song routines. The cheerleaders came home with 20 superior, 4 excellent ribbons and a spirit stick. Songleaders came home with 19 superior and 1 excellent ribbon, and a 3rd place plaque for a competition routine. The squad received a theme record of camp "Better than Ever" for one of the best posters. The squad consisted of head Sandy Saenz, Jennifer Mendoza, Stacy Luis, Margaret Nelson, and Cheryl Stearman. The songleaders were head Lorrie Lightle, Karen Maddex, Myrna Scriven, Cathy Neumann, and Tina Diggs. The spirit squad did various things during football season for the players. They decorated the locker room, served them at pre-game meals, and most of all cheered them all the way to the play-offs. "We had a great squad. I was very proud to represent M.H.S." stated Sandy Saenz.

Ecstatic Spiritleaders

Bringing smiles, spirit and new routines was only a small part of being a Winter Spiritleader. In July the Ecstatic squad attended a United Spirit camp in Santa Cruz were awarded a Spirit Stick for their dedication and endless spirit. The inspiring team of cheerleaders consisted of Debbie Aiello, head, Deanna Durham, Gina Hatfield and Julia Simpson. "Our goal was to cheer our team to victory and win league," stated Debbie Aiello. Making up the Songleading squad was Kyra Ireland, head, Sayona Gotschall, Sherrie Shaw, Amy Turner and Sharon Victor. "We were all so close, it was such a blast," stated Kyra Ireland. The hard working girls had several surprises for the team. They held a secret breakfast the morning of the East Union game, had secret pals and goodies for them after grueling practices. Mascots Kim Brown and Mary Boyce dazzled their audiences with their exciting performances. After attending camp, winning awards and learning new routines, the entire Winter Squad was ready to show their unique spirit to the student body.

Competitive Experience

Competitive Buffalo Gals brought new and exciting routines to Manteca High School. "Burn Rubber" was one of the most erotic tunes which they performed to during one of the ecstatic rallies, getting ready for the big game against East Union. Football and basketball halftimes were brought alive by their enthusiastic routines and performances. Attending a Santa Cruz Camp, the Buffalo Gals brought home superior ratings. Their skills and abilities were reflected in their performances in the Homecoming Parade, too. Serving as head captains were Judy Teunissen, and Debbie Walker, who together made up and taught creative routines to the rest of the supportive team. "It is a unique experience to get out in front of the whole student body and show your spirit." said Kim Rogers, member of the Buffalo Gals. The Buffalo Gals continued to dazzle their audiences, showing their instinctive experience.

Getting Wild and Crazy

Fridays and Saturdays were not the only good partying nights this past year. Some of the best and good times were had on Tuesday and Wednesday. Football season went pretty fine, everyone jammed in the games on Fridays. After the game or dance, Straw Hat was rolling pretty good as students went there for more pleasures. When football season was over and before basketball season started, some of the funniest memories were had. The Coma City Brothers came alive and brought together some shredder moments, playing with their funnel and just getting radical. If People were not partying or getting crazy together they were out with that certain someone sharing those special thoughts. Basketball season was definitely a blast. You never had to worry about not finding something to do. If there wasn't a game or a party, people were at either Burger King, McDonalds or cruising good old Yosemite Avenue. If you were out of the partying mood, it was always nice going to the show or out to dinner with friends. Spring fever and senioritis hit quick and it seemed school was never going to end. But the nights made up for everything that could not have happened during the day.

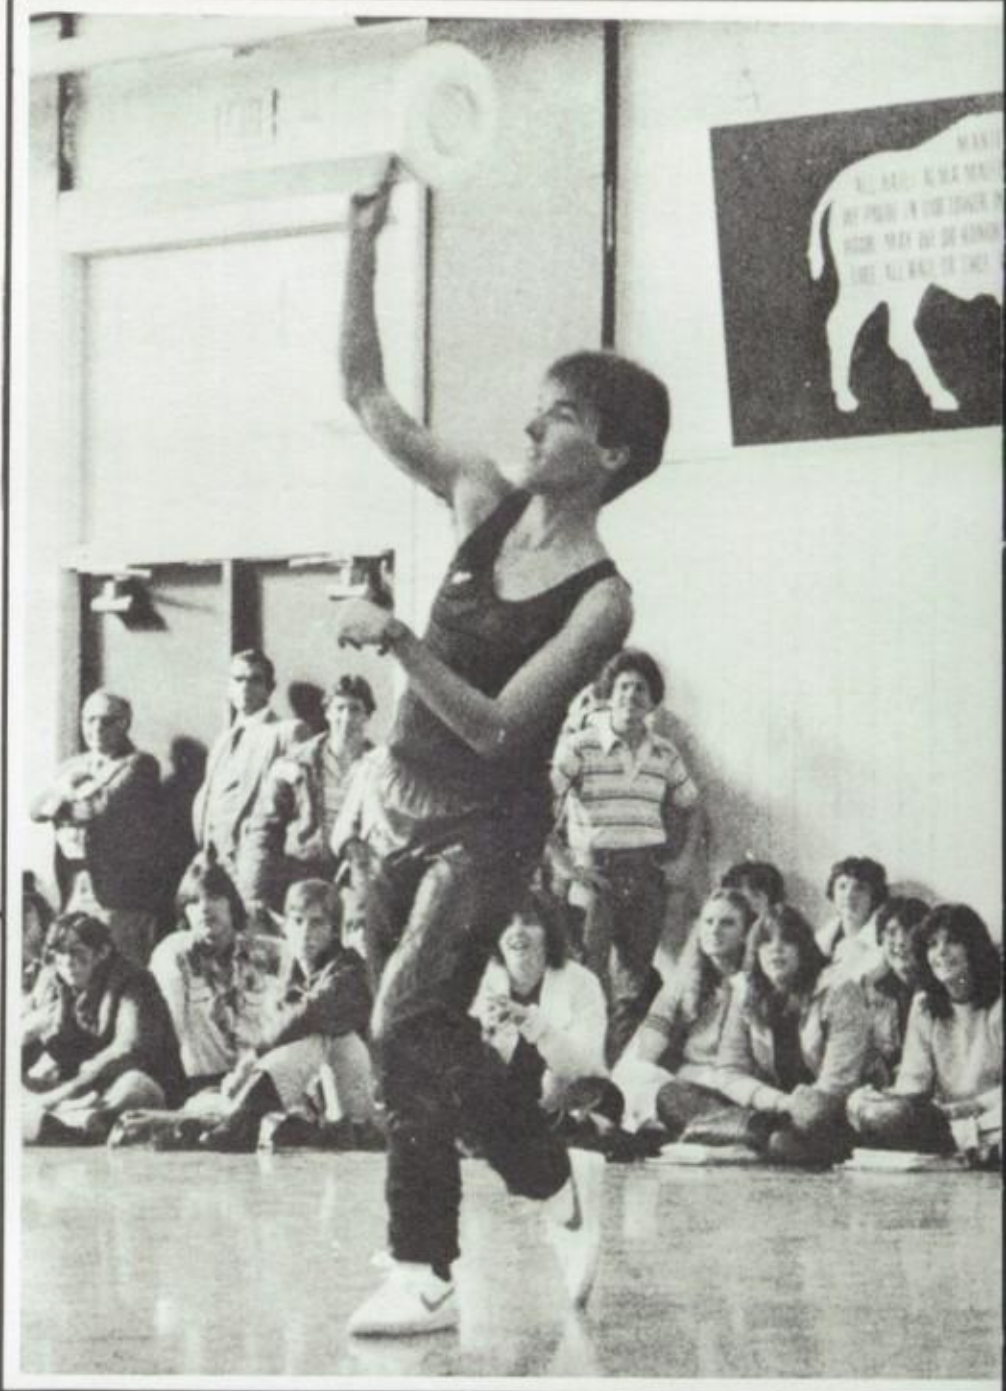
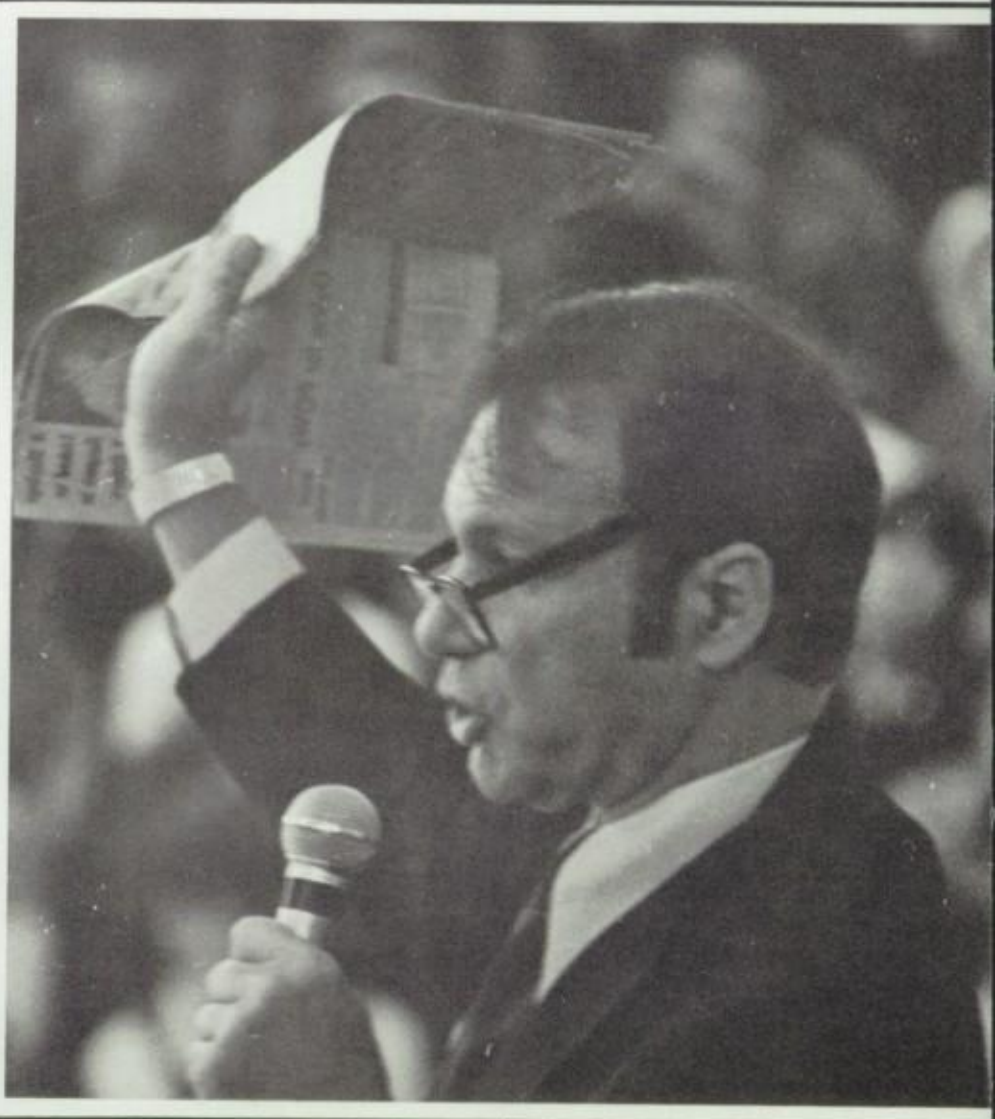
Featured Apperrances

Manteca High students were entertained by various guests this year. A wide variety of interesting programs were provided by National School Assemblies and a special assembly was sponsored by Pepsi-Cola. "Spirit of Challenge" was very motivational from sports figures and comedians and a bit of live music. Put on Productions brought us George Velliotes, A Russian Diplomat who challenged our thoughts on the American way of life. "It was really good because he showed us how lucky we are to be living in the United States," said Chris Julio. Jay and Sue Beuklemann displayed their excellent talents in frisbee tricks and their championship form of throwing and catching the firsbee. They also taught us a game of guts which the sophomore class challenged the rest of the classes and ended up the winners. Birds of Prey was also very thrilling as wild birds were let loose in the gym to flutter above everyones heads. "I thought the assemblies were pretty good this year but there wasn't enough of them," said Mike Kelley. The assemblies we had this year were great and they helped make the school year a fun one.





1. Jay and Sue Beuklemann display a simple task of throw and catch.

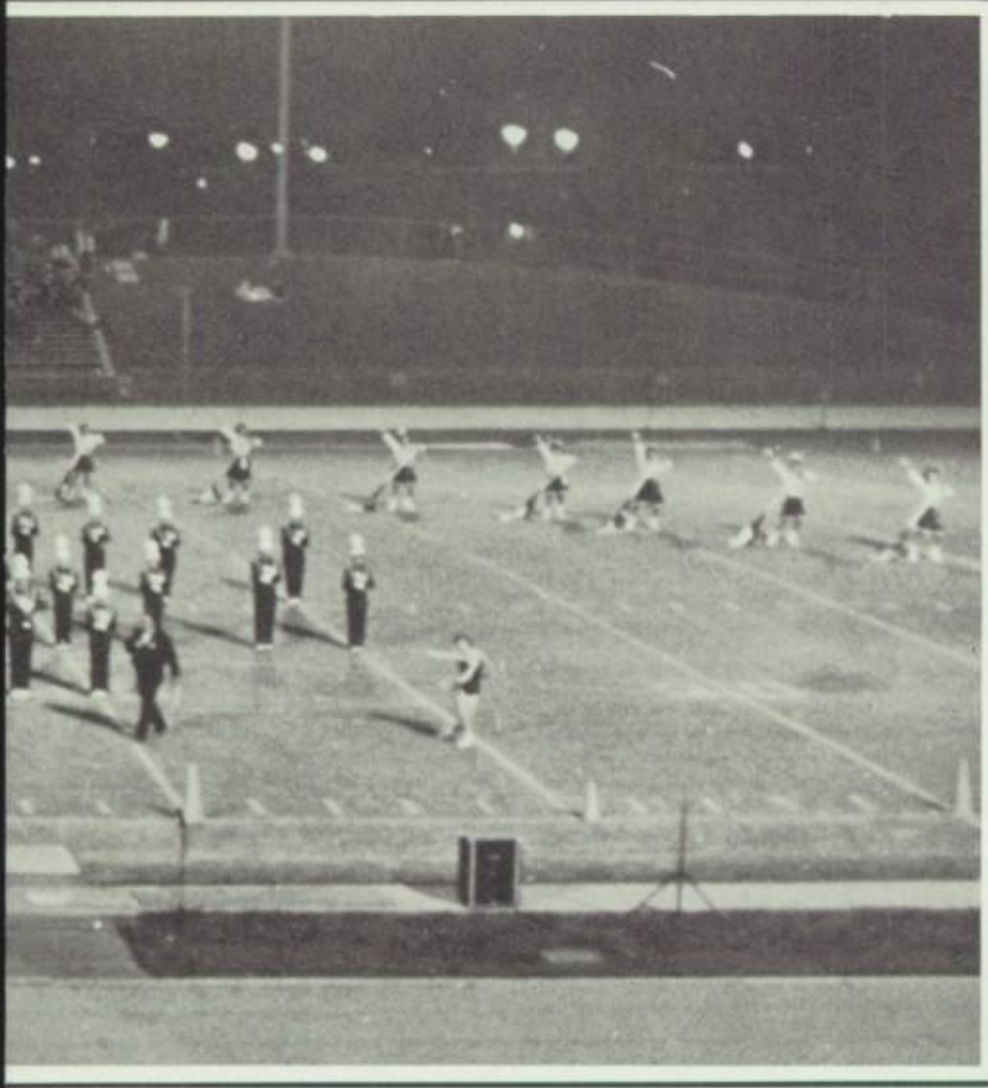
3. The band waits in readiness for the beginning of "Birdland".

1. Steve Phillips goofs off during a light moment of practice.

2. Along with the rest of the band, Larry Hayworth will probably remember the Modesto Competition for the rain.

4. "Birdland" had many opportunities for soloists as Jeff Pilgrim, Robert Brock, Denise Gillit, and Richard Warren soon found out.

Marching Band Competes



"Woodwinds, keep your felts dry," "brass players, warm your mouth pieces," "drummers, limber up your wrists and fingers," "EVERY EVERYBODY, PLAY IN TUNE!" Whispered advice and last minute instructions were all a part of the weekly review competitions attended by the band during September, October, and November. Musicians, flaggirls, I.D. Unit, and majorettes garnered trophies for their performances both on the street (parade) and field. The Gustine-Newman competition was the last of the street competitions and band members left with 6 trophies. "The Billboard March" by John N. Klohr was the song used for parade. Field show began with a difficult piece, "They're Playing Our Song," followed by "Temptation", considered a favorite among band members with its intense, driving beat. Next to last "Birdland" was highlighted by low brass soloists, the swing-jazz beat, and moments from the band. Traditional "Greensleaves" marked the end of the Buffalo Band field show for the season.

8. Playing his solo in the field show opener, "They're Playing Our Song", is Doug Vickerman.

7. Flute player Doris Nicholls just transferred from Germany this summer.

5. Larry Bates and Anthony Risso pass the time on their way to the Modesto competition.

6. Dawnis Weatherford and Ricky Laffranchi on their way to Concord.

2. Paul Crockett directs "Birdland".

1. All male band members were required to either trim their hair or wear hair nets during competition, as Nick Ratto found out.

3. Practicing at Moreau High School are tuba players Billy Faulkner and Ricky Laffranchi.

5. Larry Hayworth, Lance Purdy, Robbie Agdoma, Joe Horton, and Dan Beeler during "Temptation".

6. Doug Vickerman, Kay Lillibridge, Steve Phillips, and Matt Macedo march to their places in "Birdland".

9. On clarinet are Jim Gass, Angel Dabney, Candy Reif, and Tracy Brown.

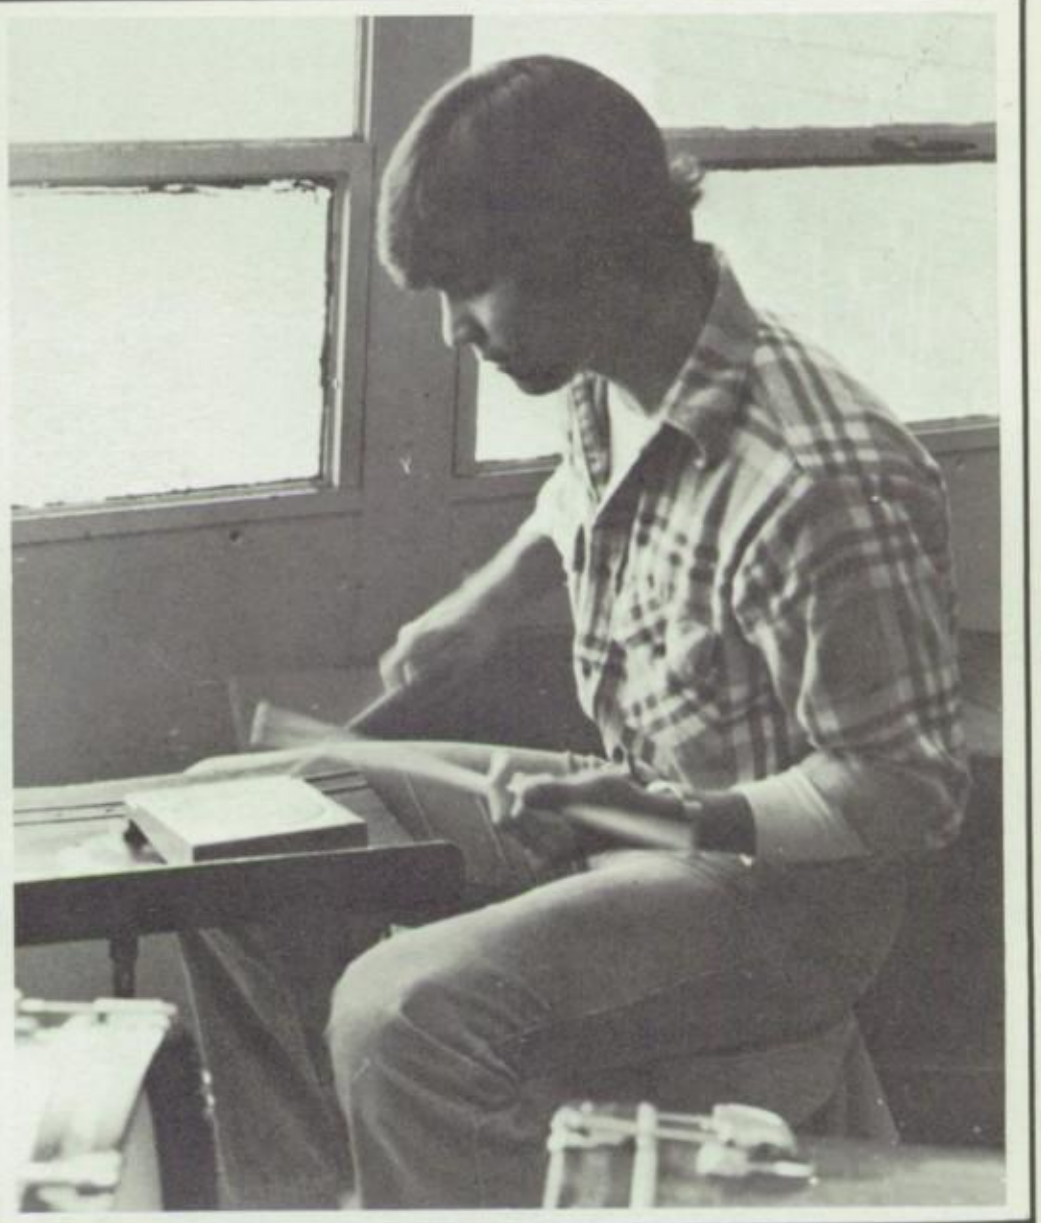
7. James Woods rehearses scales to keep his lip in good form.

Pep/Jazz Bands At Play

Practicing pop tunes every Wednesday after school, the pep band readied itself to perform. "K-Jee", "Turn The Beat Around", "Sounds of the Beach Boys", and "We Are Family", along with many others, were played at rallies and games. Jazz Band was the Official title of the Individual Instructional class. Students not only practiced "their" instrument, but also experimented by learning to play other instruments, thus expanding their musical ability.



11. Upper register notes are accomplished by Wendy Wood on piccolo.

8. Ron Redeen accompanies the pep band on the drums.

10. Keeping his wrists and fingers in shape for the drums is Adam Zepeda.

1. Banner Girls: Margie Drake, Annette Williamson, Anne Ftacek, Jenfifer Corley, Penny Faulkner, Donna Brand, Regina Graves, Shareen Maloney, Vickie Rowland.
2. Majorettes: Bottom, Lesa Pollino, Susan Hodges, Top, Katie McKenzie, Sherry Scarbrough.

Outstanding Representation

Greatly representing Manteca High this year were the Color Guard, Banner Girls, Majorettes, soloist and drum majors. The Color Guard of Manteca work very hard to represent our school. During the summer they practice a couple of times a week, to get prepared for camp. They came home from camp with a second place trophy for the most superior ribbons. The Color Guard work on field shows and parades for games and competition. When competition is over they might follow the foot steps of last years Color Guard champions in Winter Guard. Majorettes went to camp in Santa Cruz. They came home with a second place plaque and a superior trophy. Attending many band reviews, they came home with a second place from Modesto. Gina Asivedo, the soloist, enters band reviews also, and has received two first place trophies and one second. Gary Flora and Paul Crockett drum majors attended two camps this year, one in Sacramento and one in Santa Barbara. Paul won two firsts and a superior trophy. Banner Girls placed fifth in one band review. Denise Wolfe commented on being a Color Guard, "Being a co-captain isn't easy because people depend on you to help them and sometimes every ones count are supposed to be different, so you have to know your counts and moves, plus try to remember everyone elses too. I have to practice 6 hrs a week for MHS band and 12 hrs on a semi professional Color Guard. It gets rough but I really love it because you learn a lot and make lots of friends."

3. Denise Wolfe covery her head from the rain after a Modesto band review.
6. Preparing for street competition in Modesto is Gina Asivedo.
7. Color Guard: Front Row—Lori Bates, Denise Wolfe, Kristina Barber, Regina Azevedo, Denise Stacy, Jeanna Sneed, Audrey Wackerly. Top Row—Robin Klutz, Renee Hopper, Stacy Kegley, Becky Keller, Jamie Sneed, Leah Georgis, Lisa Haworth, Tracy Richards, LeeAnn Updike.

6. After being crowned Prince, Joe Johnson acknowledged the cheers of the psyched crowd.

Spotlight on Spring Sports

During the week of March 5-9, the spotlight was on spring sports as students went all out for the annual Spring Sports Spirit Week. Monday everyone donned sweats, headbands and tennis shoes for Sweats day. On Tuesday, future college co-eds became preps for Preppie day. Button-down and alligator shirts, straight legs and Top-Siders were seen everywhere. Sutdents remembered John Belushi and Dan Ackroyd on Blues Brothers Day by wearing dark glasses, hats and dark coats. Students dreamt of warmer days on Thursday, officially named Sailor/Surf day. Friday was the traditional Spring Sports day, with students wearing the outfits of their favorite spring sport. The exciting Spring Sports Rally ended a week from competition and suspense. There, 1981 Spring Sports Spirit King, Mark Harris crowned the new king, Ralph Dominguez, and the new Prince, Joe Johnson. Other King candidates included Fred Cantrell, Ron Cassidy, Reno Cook and Todd Wolfe. Prince candidates included Jim Bertao and Johnny Flores. Both King and Prince candidates were chosen on the basis of their total contribution to their school during their years at MHS. The rally also included the introduction of the Powder Puff players, the parade of the class mini-floats and the awarding of the Spirit Stick to the senior class for overall spirit and participation throughout the week. The rally ended with a performance of Destiny, a newly-formed local band. The entire week culminated in the great Powder Puff game between MHS and East Union. Although we lost by a score of 12 to 6, we showed EUHS that we were determined to hit them with out best shot. The whole week was a great one, filled with super spirit and a lot of fun spotlighting spring sports.

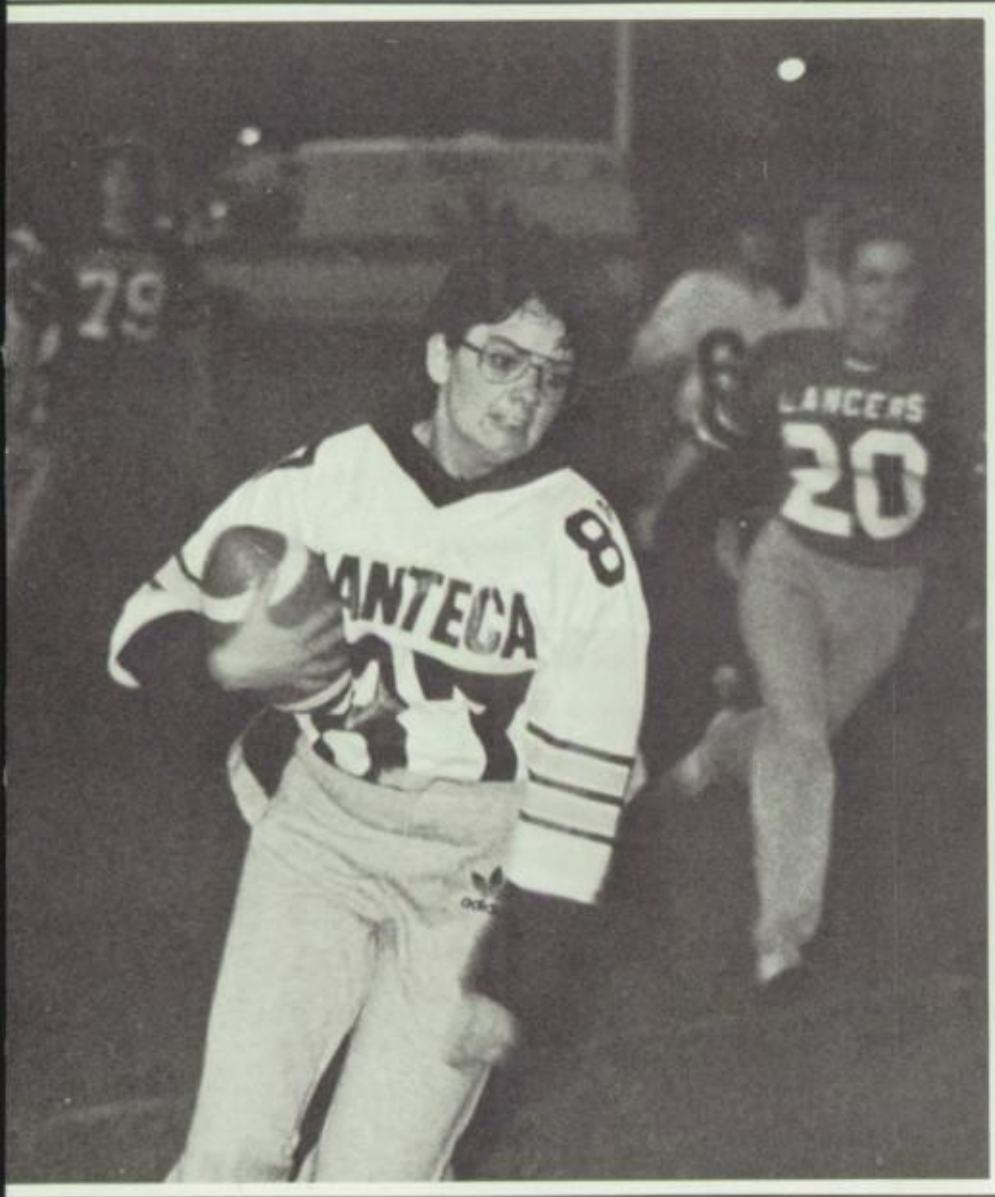
Buff Puffs Are Tuff

Talk about a bad deal! Our powderpuffers sure did receive one. The night before the big bout, some girls got pretty ratical and psyched up for the football game and wanted to put up a few posters over at the rival grounds. They got over there fine, but trying to leave was the hard part. East Union people came swarming out all over. Before they knew it, these girls were in more trouble than they ever dreamed. They were supposedly caught in the act of offending an offical powderpuff rule, no trespassing onto the opposing schools territory to promote "spirit". The few that would happen to get caught were major factors in our offense and defense. After two long weeks of practice and doing DT's or maybe PT's, the big night finally arrived. The girls and coaches were ready, but quick changes had to be made to adjust to the new girls on the line and in the backfield. Pregame jitters passed, kickoff arrived, and the M.H.S. team found themselves on the receiving side of the field. First play of the game, Sharon Victor received a handoff from quarterback Sherie Shaw and miraculously ran up field for a 50 yard touchdown. That made the game 6-0 with 7:35 left in the opening period. E.U., using tricky plays, startled the lady buffs with a 12-6 lead with 1:18 left in the third quarter. Neither team threatened in the final period, a quarter that saw time waste away on penalties that didn't stop the clock. Coach Craig Conaway stated, "The team did really great and they deserved to win. They had a lot of spirit which helped to keep the team together." After all the work, play, partying and pain, M.H.S. walked away with a feeling of satisfaction and ready to come back next year.



5. Coaches Adam Zepeda, Ron Costa, Craig Conaway and Mike Hatfield look over the plays before practice.
6. Julia Simpson, determined to gain yards, dodges E.U. defenders.
7. Penny Faulkner, Marilyn Elkins, Tev Scott and Patty, unable to play, show their spirit by cheering on their team on during the clash of schools.

International Happenings

Although many international happenings seemed far away and distant, most, in some way, shaped our lives. Several famous people were the victims of unsuccessful assasination attempts during 1982-82, including Pope John Paul and Ronald Reagan. Some attempts were successful, however, as in the case of Anwar Sadat, former President of Eygpt. Reagan, however, recovered quickly and was back to the business of trying to get the Congress to approve millions of dollars of budget cuts and the sale of AWAC aircraft to Saudi Arabia. California Governor Jerry Brown came under hot criticism for the way he handled the Mediterranean Fruit Fly crisis. Many thought it ruin his chances in his bid for a U.S. Senate seat. Rubick's Cube, the product of a European genious, became the rage of millions of people of all shapes and sizes. Everyone had to try at least once to solve the seemingly unsolvable multi-colored cube. The daytime television marriage of Laura Baldwin and Luke Spencer on General Hospital was almost as talked about as the marriage of the real life Prince Charles and Lady Diana in England. In October the first woman was appointed to the U.S. Supreme Court. She was appointed after Senate confirmation hearings. Her name was Sandra Day O'Connor. In November the space shuttle was finally launched after much delay. In sports action the L.A. Dodgers beat the N.Y. Yankees in the world series after a season of strikes and negotiations. A multitude of international events in addition to these made this year stand out in the history of world happenings in the minds of M.H.S. students.

Around the World Students

Five teen-agers from around the world came to M.H.S. as foreign exchange students. The five included Tina Steffensen of Sweden, Henriet Bolman of the Netherlands, Mary Kuhl of Brazil, Mariko Suzuki of Japan, and Yoshikawzu Kawasaki, also of Japan. According to most, their hardest obstacle was to try to adjust to American life-styles and attitudes. "It is really hard to understand everything that is going on when you are from another country," said Tina Steffensen. It was also hard for them to adapt to their host families here in America. All foreign exchange students were enrolled in the student leadership class so they would better understand how student government operated. The class, at first, was a great difficulty for the new students because of the innumerable activities and projects that were being planned in one one-hour class. Often times, a student "translator" was needed to help them understand difficult terms like a motion or parliamentary procedure. Depending upon the age of the student, they were classified as juniors or seniors, although most had graduated from their own school back home. Most were also excellent students, especially those who took demanding courses in their country. Although a few were discontent at first with their home-for-a-year, they began to enjoy the American customs, fashions, and fads as their stay progressed, even though they still missed family and friends back home.

MHS

The End—Just A Beginning

Walking through the halls of Manteca High School for the last time, the class of '82 held up the tradition of a ruling senior class. Leading this rowdy class to new heights were class officers: Laura McDonald, president, Todd Wolfe, vice president, Rene De La Cruz, secretary, and Wayne Krohn, treasurer. The class was advised for the second year in a row by class advisor Debbie Becker. Working with the officers, she helped to organize and enact plans for fundraisers and other activities, in addition to being a real friend to many seniors. The entire class of over 300 seniors contributed to its overwhelming spirit. The senior section came alive with pride at rallies and all seniors kept up the school's winning record by playing key roles on all varsity sports teams. Outstanding athletes in the class included Debbie Aiello, Fred Cantrell, Craig Conaway, Reno Cook, Jim Ham, Michelle Foote and Randy Neto. The class also had their share of outstanding academic achievers. They included Steve Lin, Bobby Perez, Debbie Walker, Jeff Leach, Kelli Inzeski and Michelle Foote. The class came together to win the spirit trophy during homecoming week and entered the top ranking float in the homecoming parade. To raise money for their many activities, the class sold Thanksgiving and Christmas pies, candy, candy canes, and candy of all kinds. They also sponsored the dance after the East Union football game and held the second annual Christmas Tree Pickup. When asked to sum up her senior year, Rene De La Cruz said, "I'm having a great senior year, but it's not everything everyone builds it up to be." Ann Walter added, "Being a senior is a lot of fun, especially going to all the great parties." But for many, being a senior meant giving up the parties and getting ready for a new beginning.

What Will You Miss Most About MHS When You Graduate?

Pat Schimke—I will miss all my easy senior classes and Laura.
Lori Van Ryn—I going to miss rushing to class so I won't get detention.
Kelli Isozaki—I'll miss all my crazy and spastic friends that I have had so much fun with.
Tina Steffensen—I'll miss the spirit and the solidarity at MHS, and also the football games, basketball games and cheerleaders, something we don't have in Sweden.
Todd Wolfe—I'm going to miss my counselor, Arte Fairbanks. He has really helped out class a lot and he is a real nice guy.
Sandy Saenz—I'll miss all the fun times and remember all the laughter my friends and I shared.
Michelle Foote—Playing volleyball and softball for MHS is something I am really going to miss.
Paula Tilton—I'm going to miss all my friends and all the teachers who helped during my high school years.
Bettina Scheinuck—I am really going to miss every one of my friends and playing on the varsity basketball team.
Jeff Leach—I will really miss working on the yearbook and the all the great friends I made at MHS and all the fun we had.

One Step Closer

"This year has been excellent but I can't wait till I'm a Senior next year," said Tonya Stagno. The class of '83 did various things all year to raise enough money for the traditional senior trip to Disneyland. They sold everything from pins, penants, and calendars, to candy and stuffed animals. The Junior class operated under advisor Jill Martin. The hard working class president Chris Julio, vice-president Robin Cabral, Secretary Stacy Luis and Treasurer DeeAnna Smith were the officers for this successful year. The class managed to raise over $3000 in just this year. They also worked very hard for a memorable Sadie Hawkins Dance and Jr./Sr. Prom. Delores Sallee summed up the year by saying, "This year was "fun" because I spent it all with my dukey!

Moving On With Time

Planning and dedicating their time throughout the year, Sophomore class officers, Joe Johnson, President, Lionel Garcia, Vice President, Becky Frost, Secretary and Gina Buzzini, Treasurer put forth a great year. In hopes to meet their goal, of a fun senior trip. Much of this goal was accomplished by numerous fund raisers well over 500, and their number one cheermit sales during football season. During homecoming, the class of 1984 came in fourth place for their float and overall spirit week. "The class meetings were well organized and many people attended," stated Gina Buzzini, Treasurer. Sophomore class advisor Mrs. Brenda Rushing also helped to organize many projects. All of their leadership qualities managed to bring their account amazingly up. Looking forward to their Junior year, the Sophomore class kept trying to achieve those tough goals.

Time To Move On Up

Long nights and many hours paved new hopes for the Freshman class as they worked on their first Homecoming float. Placing third in the parade was a disappointment but their effort proved beneficial in placing second in the spirit week activities. Planning fund raisers such as selling tootsie rolls and holding a dance after one of the basketball games helped the Freshmen raise money towards a Disneyland trip. Millie Morales, Marilyn Elliot, Jodi Nino, and Chris Rapisura were elected to lead the Freshmen class in spirit. Elected as class officers were President, Shelly Winter, Vice President, Danielle Trueblood, Secretary, Gaynl Potter, and as Treasurer, Karen Jacobs. "The Freshmen class is a very lively one which makes them great all around," commented Danielle Trueblood. At the rallies the Freshman spirit shined bright as they participated in class competition. "We have just begun to learn and grow, I think our class can do really great if they would only get involved," said Shelly Winter. As the Freshman class learned new ways in High School they will be able to start off next year with more ideas.

CLUB INVOLVEMENT

Growing For The Future

John Deere tractors and working with the cows aren't the only things a Future Farmer is interested in. The purpose of this club was to create responsible people who can become terrific leaders. Manteca FFA members were trying to master these qualities throughout the year. The officers in charge of this hard working club were Deanna Marlin, president, Karen Camara, Secretary, James Aman, Vice President, Tony Nunes, Treasurer, Jeff Brown, Reporter, Kathy DeRuyter, Sentinel and Eddie Azevedo, Historian. All of these officers were under the direction of advisor, Mr. Ed Fichtner. Educating themselves through classes in animal care and management each member had to be enrolled in an agricultural class. Some members of the FFA attended such events as Cow Palace and the San Joaquin County Fair. They had successful events such as FFA week which was held in February. During this week they had dress up days and an annual Barn Dance where the chapter sweetheart, Deanna Marlin, was crowned. The members met on the third Thursday of every month in order to plan their activities. This year tow members of Manteca's chapter attended the National Convention held in Kansas City. The two people who attended were Deanna Marlin and Kathy DeRuyter. There was also a Bean Feed held at the beginning of the year where the greenhands were initiated. Several members of the chapter were also involved in judging teams. They attended numerous judging contests which were held at college campuses throughout the state. Manteca FFA kept up with the fast pacing year and accomplished many goals they had set. The members learned many things and prepared themselves for the future.

1. Chapter sweetheart for 1981-82 was Deanna Marlin.
2. FFA officers for the year were Eddie Azevedo, James Aman, Karen Camara, Tony Nunes, Kathy DeRuyter, Jeff Brown.
3. Mr. Fichtner listens to an idea expressed at an FFA meeting.

Striving for Achievement

Just like the athletes, Scholastic Letter Club members wore letters and pins; and just like the athletes, the members of the Scholastic Letter Club were all winners. They didn't win by using their brawn, they won by using their brains. For the past three years advisors, Steve Sonntag and Jeff Gaines, have watched students earn letters and pins for good grades. To win a letter, students had to earn a 3.5 grade point average. Officers, Kent Dillard, President, Vice President Maria Rodriguez, Secretary Cindy Stockman, and Treasurer Alica Tacata, all agreed that the monthly movies they watched were about the best club activity. They watched movies like 'Alien,' 'Smokey and the Bandit,' 'Main Event,' and '1941.' To help the students pay for letters, pins and all other expences, they held a basketball shoot out and other fundraisers throughout the year.

Games, games, games, and that's not all. Computer Club members were always doing something. Hours were spent after school typing in programs on the keyboards. Games like 'Andriod Nim,' 'Pac Man,' 'Bomber,' 'Breakout,' and 'Astroids' kept many students happy and busy after school and during lunch. It wasn't all games that appeared on the small grey television screen. Select students were programming self-study classes in Latin and mathamatics. These students had to develope their own programs instead of copying out of a magazine. The second year club with advisors, Doug Horton and Dan Ochletree, began fund raisers in February with a computer match up service. Each student could find out how compatable they were with boyfriends, girlfriends, best friends, and that certain someone who didn't even know that you were alive. Of course all this wonderful information carried a price.

Academically Dedicated

High academic dedication and achievement was part of the life of every member of the California Scholarship Federation. Students earning a 3.5 grade point average or higher who were enrolled in college preparatory classes were eligible for CSF membership. Those students who earned such high grades for four of the last six semesters of high school were Gold Seal Bearers upon graduation and were eligible for scholarships and awards. Curtis Swenson served as the advisor for the club for the year as he has done many years in the past. He aided the officers in collecting dues and publicizing meetings and club activities. The club elected officers for both the fall and spring semesters. Fall officers were Maria Rodriguez, president; Debbie Walker, vice president; Susanne Cleghorn, secretary; and Terry Campbell, treasurer. They helped to organize club activities and helped to get the club going after a long summer vacation. Maria Rodriguez said, "It was a really fun and satisfying experience serving as CSF president. I know that the experience will help me in future years wherever I go, whatever I do."

Journeys Into Learning

Although the English Honors Activities Club got off to a shaky start, the club did prosper and succeed throughout the year. Officers were Elizabeth Maloney, president; Ron Piccininni, vice president; Tracy Turner, secretary; Scott Kuther, public affairs; Sam Kokoris, work director; and Wayne Krohn, merit director. Advising the club again this year was Richard Edwards. The club's major activities included night school concessions three nights each week, two major field trips, and fund raising, including selling See's suckers. Past field trips have been to culturally enriching places like San Francisco and Monterey-Carmel, and the University of California. The awarding of EHAC letters, pins, and certificates also continued during the year. These were awarded to members who earned points by participating in club activities and taking part in individual enrichment experiences. All of this and more made EHAC a great organization to belong to.

Key Club Activities Abound

Planning, laughing, service, and reward; such is the life of a Key Club member. Eager to keep things moving, members used meeting time to brain storm and plan new activities like meeting with the children of John McFall School, here in Manteca. Asking Key Club President, Cathy Neuman, what she liked best, she replied, "I just like the opportunity to help, and it's fun too." One of the weekly duties of this service club has been to continually update their bulletin board in the office. They planned a faculty breakfast before Christmas vacation. Fundraisers included selling "mug shots" for Homecoming week, and also selling assorted candy during the year.

Science Checks It Out

A new Science Club has begun and Oh, what a beginning! It had hours of planning, fund raising, and well deserved field trips. Examining nature in a fun way was the clubs ambition. Warm, cuddly animals and shiny rocks, clear blue water and tall Redwood trees, and the quiet majesty of a marsh, was just enough reward to these nature buffs. To go places is one thing, but to work for it is another. Is it really worth all that hard work just to go out and look at the out-of-doors?, we asked Becky Van Vactor. She replied, "Yes it is. It is important to just take a look at what is really out there." With trips to the coast, whale watching, and counting all the animals in one spot, the club seemed pleased with the response from it's members and advisor, Mr. Lathrop. Many didn't want to see it all end.

Singing In The New Year

"I always wanted to sing," said Darls Lester. Such thinking seems to tipify the opinions of the choir, as shown by their plans perform benefits and concerts at local schools and nursing homes. Officers included, Vicki Rowlands, president, Darls Lester, Vice-President, Lee Morris, Secretary, Brenda Dillion and Robin McFadden, both librarians. Musicians for the group included Sylvia Myres and Linda Cash. Along with his many other commitments, Gene Short was also acting choir director. In addition he supervised fund raisers such as selling T-shirts and candy. Many people enjoy singing music, and as Darla Lester says, "I have always liked to sing, so I joined choir."

Drama, Fantasy, Comedy

The make-up, the lights, and always the applause, that's what had kept forty drama students together throughout the year. The troop of actors worked hard planning and producing four plays. They started early visiting local schools performing 'Magic Theater', a childrens play, and worked their way through the year with a variety of plays such as, 'Anything Goes', a comedy, 'Antigone", a musical, and of course, 'Whinnie the Pooh', another childrens play. Hard work, hours of practice, and fundraisers such as a night of small one act plays, and the ever popular Annual Talent Show this spring, added to the already busy thespian calender. All this and more was in preparation for trips to Pleasant Hill and Sacramento for the Second School Festival and an important trip to Muncie, Indiana for a festival and conference in June.

Extra Fun Activities

Leading the Parent Teachers Student Association was President Joyce Johnson. P.T.S.A. had a very successful year. Putting on dances like the Valentines and Halloween they also entered a float in the Homecoming parade. Officers were Joyce Johnson, President; Pat Baugh, First vice president; second vice president; Bill Jones, third vice president; Jeff Leach, fourth vice president; Rosalie Updike, Secretary; and Vera Walker, Treasurer. "P.T.S.A. did a lot this year for both the students and the faculty at M.H.S. Hopefully more students will get involved in P.T.S.A. and continue to support all school activities," said Jeff Leach.

Athletic Supporters

Supporting MHS athletes all through the year was the Athletic Booster Club. The Athletic Booster Club was formed to raise funds for the purchase of equipment and needed items for all sports (boys and girls) above and beyond the budget given to each sport by the athletic department. Each coach requesting extra funds for equipment or needed items had to appear before the board personally and make clear wny the purchase was necessary. Events held to defray expected expenses were a wine-tasting event, a dinner dance, sales from photographic pins, a concession stand at the gym, and a newspaper drive. Officers were Jim McReath, President; Betty Ruble, Secretary; Ann Bagnasco, Treasurer; Mike Gikas and Frank Nelson, Fall Sports Chairmen; Norm Johnson and Ben Cimoli, Winter Sports Chairmen; and Otis Kelly, Spring Sports Chairman. The booster club is in charge of the winter, spring and fall sports banquet held each year and provided the refreshments for each affair. Members individually helped out each sport event when volunteer help was requested by various coaches, including running the chain gang for the freshman games. They also volunteered their services for the basketball tournaments.

Addictive Racquetball

Racquetball was one of the fastest growing sports in this country and MHS students quickly formed their own club with sponsor Carl Lutz. "It's a simple came to learn," commented Mr. Lutz. Two people play at one time in an enclosed court using small, light racquets. The server, closest to the front wall, bounces the ball once (and only once, as a double bounce loses him the privilege of serving) and swings. The ball is supposed to hit the front wall and must rickochet past the serve line to be considered good. The second player has to hit the ball before it bounces twice and a volley may ensue. The same person could keep the serve as long as he or she keeps scoring. Club games scored only to 15, and a person could win with only one point. Players were ranked according to their ability. This was called a ladder, with people on the lower rungs challenging persons of higher rank. Court accidents do happen, and a racquetball going approximately 100 mph could do quite a bit of damage. If one of the players, or a spectator sees an accident (or one about to happen) they yell "Hinder" as loud as possible. When the players hear this, they freeze absolutely still so as to avert or lessen the damage of an accident. "Racquetball is only as dangerous as the players make it," claimed Mr. Lutz, so court accidents were rather infrequent. No organization can function without officers, and the Racquetball Club was no exception. The President was Penny Sampier, Vice-president Sylvia Meyers, with Secretary Jay Schell, and Treasurer Mark Reeves. Club members tried to explain their passion with the game. "It's easy, and relaxes me after a tense day," said Erik Pardee.

3. Sylvia Meyers (vice-pres.), Mark Reev (treas.), Jay Schell (sec.), and Penny Sa pier (pres.) were officers.

Service is the Key word

The Keywanettes organized at MHS for the first time over last December. Although their official sponsor was the Sunrise Kiwanis, James Matthews was the faculty advisor. Allowing only female membership, Keywanettes were begun originally as an alternate option for girls to Key Club. Some of the purposes of Keywanettes included the following: to encourage loyalty to school, community, and nation; to develope positive, useful citizens with a dedication to the improvement of all human relations; and to provide opportunities for leadership training through working together in service to school and community. Meetings were held every Tuesday at 7:15 am to plan and discuss projects. Soon after returning from Christmas vacation, a dinner was planned to install the charter members. When asked just exactly what the Keywanettes did, Mr. Matthews replied, "Our whole purpose is to contribute to projects on campus and in the community."

Tower Creators Slave

Frustration and tension mounted as deadlines grew closer. "Is she yelling again?" and "Where are my pictures?" were pretty much ritual cries coming from the of the back of the photo lab. Editor in Chief, Karen Maddex, had to work with a $4,000 deficit in planning the awesome Tower. Long hours and a lot of trips to Winchell's were essential in making this most memorable part of 1981-82 come alive in this yearbook. This shredder class put together so many great things to help make up what we lost out on due to the debt. In yearbook, everything costs money. Color may be just about the best part of the book, but it is also the most expensive. Color and special effects were put in as much as possible. It seemed there could have always been room for more. Wanting to learn what yearbook was all about, Karen Maddex, managing editor, Sandy Saenz and assistant editor Robin Cabral spent a great summer week at Utah State University for a yearbook workshop seminar. "Camp at Utah State was great! We really learned a lot and got some excellent ideas. We met people from all over and became really good friends with some fun people. Yearbook camp will be one experience I don't think any of us will forget. It was a total blast!" stated Robin Cabral. The girls also received awards for some of their outstanding accomplishments. Sandy Saenz received an award for third place layout and second place theme. Robin Cabral was awarded with third place copy. It was not only the Tower staff members who helped produce the book, but also the photographers and advisor, Bill Forbis. The photographers were really important.

Congress' Best Year Yet

Under the direction of Chairman Jeff Leach, Student Congress had one of its best years ever. One representative was elected from each communications period for duty on Congress. Their job was to bring back information from Student Congress and present it to their class. Assisting Jeff were Vice-Chairperson Sherrie Shaw, Secretary Roxanne Rauchman and Sargent-at-arms Mike Arroyo. Some of the issues discussed were constitution changes, Christmas Formal and Cheerleading elections. "We had a real great Student Congress because everyone cared about what happens in school," stated Jeff Leach.

Council Drives High Success

With President Ron Cassidy taking the reins of the 1981-82 Student Body, Student Council drove towards high success. Along with Cassidy were Vice-President Danny Trusas, Secretary Myrna Scriven and Treasurer Cathy Neumann. Finishing off this special team were the eight commissioners, class presidents and other representatives. They each had their own specific jobs which involved a massive amount of work and cooperation. Sponsoring activities such as the Hello Hop, Pumpkin Run and Homecoming were projects that raised the Associated Student Body fund. "I really enjoy being in the leadership class because you always know what is going on in school," stated Kama Sanquinetti. History teacher Terrance Fix and Activities Director Jacque Brophy helped keep the class under control and made sure things were getting accomplsihed. This year's student government's goal was to try to create activities that everyone could get involved in and keep school spirit high. "Student government has showed me what it is like to work with people and to make important decisions," stated Myrna Scriven. The excellence and effort that this Student Council team put forth was rewarded by a very successful year in activities.

Outstanding Offense

Our outstanding offense proved to be one of the most explosive in the VOL. The passing attack demonstrated to be one of the best in the area, ranking second to none. With precision passing by quarterback, Gerald Capps and brilliant pass receptions by split end, Chris Ochoa and tight end, Randy Neto, our passing game proved to be a most effective weapon. As the season progressed, the running game became just as effective in league play. The hard running of Pat Schimke and bone crusing blocks of Ken Howze, put together a great running game along with a brilliant offensive line. Some outstanding Juniors such as Scott Camper, Leo Martin, and Joe Limas helped put together one of the most explosive teams in the area. Tony Cowan came up from the JV's to do a super job in the last three games. Dedicated is Mike Hatfield who injured his knee in the first game of the season. He attended all practices, games, and films when he didn't have to. Being hospitalized during the EU game was the worst part of Mike's injury. Capps summed up the season stating, "It's to bad we didn't play with consistency eariler in the year but what really showed our character was the way we came back at the end. I think our team and especially the Seniors can be proud of themselves in knowing this. "

Hitters Make Winners

The 1981 Varsity Football season got off to a slow start with defeats to both Tracy and St. Mary's but the devastating Buffalos bounced back to perfection with the starting of the V.O.L. season. The Buffalos managed to clench a second place title in the Valley Oak League and would go on to challenge the Ponderosa Bruins. The defense steadily progressed throughout the year trampling their opponents with a V.O.L. record of four wins and two losses. The outstanding players throughout the season were: Ken Howze, who was a solid hitter everytime; Gregg "Hitman" Harris, who was always in the tackle; Scott Camper, the man no one could handle when he gave 100%; Steve Jackson and Larry Machado, the young linebackers with superior potential; the efficient defensive ends, Bryan Stevens, Doug McCreath and Manuel Nordel. They all proved to be excellent athletes you could count on every time! Head Coach Mick Founts summed up the overall effort made by all the defensive players by saying, "Our defense scored every game that we won. The defensive athletes had pride and tenacity, especially in the last V.O.L. game against Ceres. We got better and better as the year progressed and that was a credit to the team!"

Takin' Care of Business

The Manteca High Sophomore football team had a very successful season as they took a co-championship with a 5-1 record and 6-3 overall. They were an offensively explosive team, scoring 270 total points for the season. The awesome Johnny Flores had a tremendous rushing year by dazzling crowds and gaining 1,047 total yards. Flores made 18 touchdowns totaling a score of 108 points. Other great rushers for the team were the elusive Tony Cowan, who later gained a position as tailback on the Varsity squad, and the hard running Chris Steves. The aerial attacks came from quarterback Chris Harris who made fine connections to Dana Carney, Jose Vasquez and Kelly Webb. The hard hitting defensive line was led by the vicious Paul Burila who led the team with 97 tackles. Other fearsome bonebreakers were Troy Gotschall, Mike Russell, Sam Ochoa and Jose Vasquez. Nine very talented sophomore players were moved up to Varsity after they captured second place and traveled to Shingle Springs to play Ponderosa in the sub-sections. The players were Troy Gotschall, Mike Russell, Paul Burila, Kelly Webb, Jose Vasquez, Chris Harris, Sam Ochoa, Johnny Flores and Kevin Cimoli. Coach Jacobs was assisted by Jeff Watson and Brad Steele who worked hard at helping the players as a team and individually and also boosting the players morale. Coach Jacobs replied, "The Sophomore team had exceptionally fine football players and as the year ended, they could play against any team and win!" Guard Troy Gotschall stated, "We had a great team with a lot of potential and a good coaching staff to back us up." We're also looking forward to a winning team next year."

First-rate Frosh Team

First-rate could be called an understatement for this year's frosh team. These undefeated VOL champs set a record of 2000 yards rushing and 1000 yards passing. They were an incredibly high scoring team, with a total of 264 points for the season. Outstanding players were quarterback Pete Nelson with 1000 yards passing, end Jeff Harbison with 11 touchdowns and 602 yards in the air, halfback Brian England with 117 carries and 715 yards rushing and halfback Joey Bazaldua with 66 carries and 546 yards rushing. Other outstanding players who deserve recognition are halfback Kent Talcott, end Nick Ratto, fullback Tim Dias, tackle Al Negrete, tackle Dave Meredith, guard Kirk McGaha, guard Joe Dutra and center Dario Gallegos. "This was one of the most outstanding frosh teams ever to play at MHS," said head coach Joe Jacobs Sr., who was assisted by his son Mike Jacobs and lineman coach Joe Handy. This team carried on the baby buff VOL tradition.

The Long Run

Running a distance of three grueling miles over rough terrain, the Manteca High Cross Country teams had a winning year. Under the leadership of Coach Henderson the boys team was well under way. Senior Jim Elam was the Varsity's prime runner going undefeated in the V.O.L. Helping their team to victory were juniors Alfonso Aguliar and Greg D'Ambrigio and seniors Gary Flora, Brinton McCusker, Bob Perez and Loid Shipp. Running with a winning pace, the Junior Varsity had an excellent league record of 5-0 placing first in the Valley Oak League. There were several consistant top runners for the team this year. They were Chris Carr, Ray Gish, Brad Harder, Art Kuhn, Mike Rosendin, Tim Morsel and undefeated Ron Mills. Constant effort enabled the girl's Cross Country team to earn a respectable spot in the Valley Oak League. "These girls are great to work with," stated Coach Henderson. The girl's team consisted of senior Dora Aufdermaur, juniors Sara Gomez, Connie Breakfield and Monica Krohn, sophomores Mary Boyce, Kim Capps and freshman Cheri Nepote. Plenty of dedication and desire enabled the Buffs to keep that winning reputation.

Bump, Set, Spike, Win

The girls Volleyball teams may not have been number one in the V.O.L. league, but togetherness was the name of their game. The Varsity team, coached by Debby Becker, had a record of six wins and four losses in V.O.L. play and was ranked number three in league. It was said that they were the best team Manteca has had in the last six years. The team captains were Laura McDonald and Michelle Foote. Setters were Pam Filippini, Debbie Gibson, and Laura McDonald. Hitters were Michelle Foote, Sherri Gallagher, Tevani Scott, Shawnette Swanson, Paula Tilton, and Jennie Watkins. Also helping out the team was manager Tammie Williams. "We might not have been number one in league but to me, they were number one on and off the court!" was the overall comment given by retiring coach Debby Becker. The J.V. team coached by Vanessa Sinz was said to have a lot of potential, but they didn't always develop it when they really needed it. Their league record was four wins and six losses, with an overall fifth place in the V.O.L. The team captains were Colette Fry and Kathy Costa. The rest of the team consisted of Karen Camara, Lisa Bagnasco, Danessa Codog, Jammie Winters, Tiffany Sappenfield, Susan Fertig, Angela Ryan, Stephine Peters, and Jennie Simas, Gina Buzzini, and Teresa DeGroot.

Undefeated VOL Champs

For the second year in a row, the girls Varsity tennis team captured first place honors in the Valley Oak League with a perfect 12 and 0 record. They were 14 and 0 overall. Manteca dominated the V.O.L. tournament as Ranata Scholl defeated unbeaten Los Banos' Kim Ebner in the finals. The team of Debbie Aiello and Debbie Drury also won the doubles V.O.L. tournament defeating No. 2 seeds Dolores Hall and Kelley Orth of Sonora, 6-2, 6-1, in the finals. The team also received the team trophy. The three top players then traveled to Auburn for the sections. Three out of five single V.O.L. players who received all-league honors were Manteca's single players No. 1 Scholl, No. 2 Drury, and No. 3 Aiello. The double teams consisted of Delores Sallee and Junoir Ruble, and Stephanie Flowers and Robin Bedsaul. All four received honorable mention honors. Not only did the players receive honors, Coach Sharyl Burgeson also was presented the Coach of the Year award. Junior Ruble summed up the season by saying, "We showed everyone we were the baddest!"

Rebuilding The Dynasty

Making it to the Section Playoffs was the goal set for this year's Varsity Basketball team. Coached by Steve Winter, he said that this was one of the more diversified groups he has ever coached. There were many different personalities, likes and dislikes combined into one unit. With a team led by only three returning players, Reno Cook, Craig Conaway and James Matas, it was a challenge to carry on the winning way that Manteca has developed over the years. But with the outstanding ability of Casey Jay, Ron Leal, Mike Maris, Brian Stevens, and Ricky Uballe it wasn't such a challenge, but an adventure into the victories of basketball. The scoreboard determined the winner of the game but with the support given from the other players on the team such as Gary Fass, Joe Limas, Larry Machado, Tony Menezes, and Vince Oberst, it was hard to believe that the team could lose with such encouragement aroused by these fine players. All in all this years basketball season was a very rewarding one. Whether a key player out on the court or a supporting player on the bench, each did his best to show his dedication to this very successful ballclub.

Jumping High To Victory

Tremendous team work was what was used by the determined sophomore basketball team. Coach Mike Henry, seemed very pleased by the outstanding job done by his team. Leading the scoring for the team were, Cal Farrow, Bert Van Ryn, Paul Brogan and freshman Pete Nelson. Some of the leading, quick and forceful rebounders were Bert Van Ryn, Mike Nelson, Pete Nelson and Kevin Cimoli. The little Buffs fought hard with big guards, Paul Brogan, Paul Burila, Jim Bertao, and Mike Fahey. The point guards were Cal Farrow, Joe Johnson, Pat Payan and Rod Brown. The fierce power Forwards were Bert Van Ryn, Kevin Cimoli, and Dana Carney. Small Foards were Pete Nelson and Kelly Webb. The outstanding Centers Mike Nelson, and Nick Aretakis led the team to a very high jump. Coach Henry commented, "We have beaten several triple A teams which is above our league." All playing hard trying to do their best to win for their team, moving up and getting more experience, they played with dedication and determination.

Shooting For Victory

Starting off the year with a lot of hard practices, the Freshman Basketball team had a great year with a 11-4 record, midway through the season. In pre-season tournaments the buffs placed third in the Manteca tourney and sixth in the St. Mary's tournament. Lindsay Munoz, first year coach for the baby buffs stated, "We had 12 very good players but there were really no standouts." He added, however, "Some of the players who contributed to the team's high scoring games were Albert Negrete, Kent Talcott and Brian Hu-

selbosch." He went on to say, "This was the best bunch of freshman players in years and that they would go on to be outstanding prospects in their junior and senior years." The frosh team had a tremendous amount of ability to work together and make their season a successful one and by displaying their talent and unity it payed off. "We have a good team and if we continue to play like we are playing in the beginning of the season we should take league," commented Tom Carder.

Teaming Up For Victories

Striving for VOL victories was the main goal for the 12 team members of the Girls Varsity basketball team. "We have a very young team and if we play with no injuries we should place very well in our league," stated Miss Goff. When the lady buffs scored, the duo of junior Tevani Scott and senior Donna Foster led with a strong one-two punch. Waltzing into second place at the East Union tournament and third place at the Linden tournament proved that the Lady Buffaloes had great potential. Returning letterwomen this year were Michelle Foote, Bettina Scheinuck, Donna Foster, Penny Faulkner, and Dora Aufdermaur. These girls will be missed next year but as the junior girls gain more experience it will be benificial for the team next year. "Playing on such a terrific team was a great experience for me. Basketball is a real fun game," stated Penny Faulkner. Teamwork proved to be the ladies greatest abilities along with a little luck.

Team Effort Wins Again

Hard practices, long hours, a lot of dedication and unity kept this Junior Varsity team alive throughout the season. Coached by Mr. Butch Linn for the 5th year kept up the winning streak. They started the year off with non-league games having a record of 6-1. When league came around they were ready for VICTORY! The top scorer and rebounder for the JV team was Marilyn Elkins. Following close behind was Terri Menezes. Melody Root, point guard, was the quarter back of the team. Other starters were Stephanie Flowers and Alexia Poulos who helped out tremendously. The two outstanding freshmen were Ranata Scholl and Cherri Nepote. "This has to be the best team I've ever had. They play very well together as a team and that's important!" commented Coach Linn. "It was real exciting to play for a team that worked so united together and a coach so dedicated," stated Ranata Scholl.

Players Experience Winning

After a long, hard fought football season, the weather changed and so did the sports. Despite the cold and dampness of the fields, MHS soccer teams set out to win some recognition. Under the coaching of first year mentor Fidel Guiterrez, they played hard and enjoyed the game. Coach Guiterrez expressed his feelings about the team by saying, "This is only my first year with the MHS varsity soccer team. I was thrilled to get the job because I love the sport." He added, "The biggest disadvantage we have is that the boys don't have enough experience; they are still "green." Before the season began he predicted that winning would come hard if at all. "My team may not be winning, but they are learning more and more about the sport and enjoying themselves too!," he concluded. In JV action the people who were noted as being outstanding players were Mike Cross, Dave DeBrito, and Steve Sounders. Women's Lib made its way into the JV team as Carri Nepote was one of the outstanding players who started. Terry Fix was the coach of this team. He commented on their ability, "It's a good team, they are tough and aggresive." The soccer season was a success because of the playing, learning, and enjoyment.

Pinning Down Victories

According to Wrestling Coach Jody Perry, seasonal standouts were Fred Cantrell, Billy Gulart, Ricky Valdez and John Dunaway. This team was composed of many young grapplers who seemed to have good potential. Other wrestlers who showed the potential which was needed to succeed were Ralph Dominquez and John Mertez. All the wrestlers will return except Fred Cantrell and Ralph Dominquez, who are seniors. Assistant Coach Leandro Perez commented that the 1981-82 JV team "Should provide some exciting wrestling on the varsity level in the future." The JV team, which was composed of mostly freshmen and sophomores, had some very exciting matches. "A few wrestlers to watch in the future are John Dunaway and John Mertez," Coach Jody Perry commented. "This year's team had great desire to win, wchich is one aspect any team needs to succeed," he concluded.

Hard Hitting Varsity

Manteca High School's Varsity baseball team was led by a group of hard hitting Seniors. The trio of Gerald Capps, Ron Limas, and Doug Huckabee was well respected throughout the area. Pitchers included Senior James Matas, Gabe Arroyo, a Junior, and two Sophomores, Sam Ochoa and Chris Harris. With mostly Juniors filling in the rest of the team, the Buffaloes got off to a good start and were very competetive in league play. A competetive balance among the team coupled with good team unity proved to be two of the club's strongest assets. "Although some players contributed significantly, the contribution that each player made, whether a starter or not, was what made this group successful," commented Coach Thomson. Assisting the varsity coach this year were Darrel Hardcastle and Frank Triglia. "I feel that we have a terrific team this year and I know we will make it to the playoffs," said Scott Willis. All the players' efforts payed off in the end with the great feeling of winning the game.

Batters-Up

Slamming in runs, making awesome plays, and playing as a team is what made the Little Buffs a hot success. Outstanding players were second year starters centerfield, Tony Cowan and shortstop, Chris Steves. Besides those two players, there were third baseman, Ted Montez, left fielder, Paul Mosley and a host of pitches including Cory Bosh, Carl Dunbar, Kelly Webb and Mike Kelly. John Camara was said to be "Mr. Hustler" by the coaches. Coach Valponi, assistants Jeff Tilton and Otis Kelly said this team was always known to be hustling and trying for more. Baby Buffs were chached by Coach Miller and Coach Tim Vick. The coaches commented, "We ahd an excellent season and it was a lot of fun." Two superb players were Pete Nelson and Jim Womack, Pete Nelson said, "I feel our freshman team has a lot of ability to win the V.O.L. I'm really looking forward to the next 3 years." Practicing Long and Hard

Long hard practices was what the girls had to go through to make it on the 1981-82 softball team. With the returns of two seniors Donna Foster and Michelle Foote the team greatly improved since last year. "This year was one of the hardest years for cutting because the girls were determined to make it all the way," stated Miss Goff. Facing tough opponents, the team showed a positive attitude about practices and over all had a very constructive season. Miss Goff is counting on the freshmen to take the place of the seniors who will be graduating this year. She feels they will do the team a lot, because they seem to be well constructed. The top player proved to be Donna Foster. "This year has been a great year for playing. All the players try their hardest and that's all that counts," stated Donna Foster. The team consisted of two seniors, three juniors, four sophomores and six freshmen. For losing most of their players last year, the team tried their best and succeeded.

"The team this year is very young, but hardworking and talented," said Miss Sinz who was the gymnastics coach. Miss Sinz was assisted by 1980 Manteca High graduate, Gina Pinto. The top varsity gymnast was Sara Gomez. The out standing J.V. were Tina Steffenson, Michelle Read, Chris Lucas and Rebecca Ferris. Top Novice gymnasts were Jamie Sneed, Tricia Sommerfeld and Christina Zapata. These hardworking ladies practiced one to two hours a day after school. They performed either floor exercise, vault, uneven bars or on the beam. There was one change this year in which Novice, J.V. and Varsity All performed compulsory routines. "We had a number one team because we all worked well together," said Sandi Wheeler who competed in the J.V. category.

Rain Plagues Track

Rainy weather played a big part in the track season forcing coaches to juggle meet schedule. Under the talented supervision of first year coach Lindsay Munoz, the Buffalo's track team made a name for itself in the Valley Oak League competition. Small in number, the Buff tracksters proved at many meets their domain of superior influence. "Very good quality of athletes. They should be very competitive in all the meets. Hopefully we will take some boys to the state meet in Sacramento." stated coach Munoz. The girls meets were also hindered by the bad weather, but that never put a damper on their spirits. Conditioning, too, was a big part for the girls team. Many were amazed at their ability to pump iron. "Outstanding crop of young girls. We should be at the top of the league this year, or possible next year for sure," forecasts Lindsay Munoz with excitement. There was a huge effort to improve as individuals as well as a whole team.

Future Athletes Look Good

The outlook for the 1982 Frosh/ Soph Track team was "Dual Meet Champions." Outstanding athletes would of been an understatement for this squad. Leading the V.O.L. were four superior champion athletes. Of the four leaders were Ron Mills, the only freshman who ran the 70 yard high hurdles and the 330 low hurdles; Kevin Cimoli, who threw the shot put and discus; and Johnny Flores, who ran the 100 yard dash, 220 and 330 low hurdles, and also a member of the 440 relay team. Coach Munoz commented that the Frosh team was the best crop of freshmen in years. Team members included: Jeff Harbison, Anthony Salgado, Tom Deeley, Kris Hedberg, Leith Morse, Scott Hicken, Nick Ratto, and Brian England. Sophomore standouts included Robert Villalouoz, Ken Draper, Eddie Uballe, and Jose Vasquez. Qualifying as many athletes as possible for Sub Sections and Section meets was Coach Munoz's goal.

Defending MHS Tennis champs worked hard all season for another successful year. In spite of getting rained out for the first month they still fought for the VOL title. Leading the team in the No. 1 single spot was a returning senior Greg Toy. Following closely behind was hard hitting Randy Lagomarsino. Filling in the No. 3 spot was steady Steve Linn. Struggling for the No. 1 and No. 2 spot on the doubles team were sensational Bobby Perez, Tim Wun, Lars Duren and freshman Kent Talcott, Bob Perez and Tim Wun commented, "We have great team unity and spirit. The team will be very tough to beat." The team was coached by a very experienced Mr. Alex Henderson. Early in the season coach Henderson commented, "I feel this team has very good talent and potential to repeat as champions." Badminton Swats Birdies

Practice began in mid-March to prepare twenty mean players for ten big Valley Oak League matches scheduled for this spring season. Out of the team, only seven members were choosen to actually play and compete for League standings. Under Coach Lynn's direction, by using the ladder method, placing the lower rung players against the higher, seemed to improve the team as a whole. The three top seeded players were singles and the positions of four through seven were split into doubles teams. To help hone the skills and talents to a fine edge, the team practiced for a long, hard hour and a half after school every day.

The four top varsity team players who returned to help defend their titles were also the four top-seeded players. They were Jim Aartman, Paul Bauknecht, Brooks Gale, and Kevin Harris. These team members' positions were considered 'frozen' meaning that they always got to compete. Ed Evans, Andy Gutirrez, and Sean Poschini competed for the last two spots.

Sweating it out over hot stoves, trying to prepare a nutritious hot lunch for all the students. That's how it was every morning in the cafeteria at Manteca High. The cafeteria was a great place to get a well balanced meal without letting the high cost of inflation get to you. Under the management of Helen Frain, the cafeteria workers did their best to prepare those meals. The janitorial staff at Manteca High has always been the best. This year we lost a wonderful friend. Mr. Jack Kelly, head custodian, retired after serving MHS for 27 years. In appreciation of all his help we held a Kelly Day in which everyone was asked to wear Kelly Green clothes. Taking his place was Mr. Charles Christian. With the help of all the other janitors Manteca High was kept in tip top shape. Whether you were cutting class or going to class, you could always find the hall monitors walking through the halls and around campus. They always did their job questioning the students, but they were always there to help also. The two hall monitors whom everyone loved were Alice McAntire and Joan Billington. Without the wonderful help of all these people the days spent at MHS wouldn't have been the same.

Ag Builds Class

Working to keep things under control in the Agriculture Department was the two man team of Ed Fichtner and Ken Weber. These two men could be found in the Ag Department not only during school, but before and after also. There were many various subjects offered to students in the agricultural field. Under the leadership of Ed Fichtner were the classes Introduction to Agriculture, Soils and Plants, Animal Husbandry, and Basic Ag Mechanics. With all these classes Mr. Fichtner still had time to advise the Manteca FFA group. Working to develop skills in farm machinery and welding was Ken Weber. Mr. Weber advised the students in Ag Power and Ag Welding. Along with these classes there was also a Animal Health Technology class dealing with the diseases of animals and how to prevent them. This class was held at the School Farm and taught by Norman Alberti, an agricultural instructor at East Union. "My Ag class was a lot of help to me. The things I learned will come in handy in the future," said Jeff Brown. All of these agricultural classes with the help of these hard working teachers helped to develop the skills in many students who hope to someday help our agricultural industry.

Preparing for the crazy business world, learning the fundamentals of typing, banking, record keeping and many other types of skills necessary for a job in business was the main purpose of the Business Department. "My Business Machines class was very interesting. It gave me an optimistic view of my future," said Rhonda McGaha. The Business Department was kept running smoothly with the cooperation of Jeff Gaines, Carl Lutz, Alvin Hudgins and Judy Papousek. There was a wide selection of classes for every student who needed to fulfill his requirements for his future career. This selection included Accounting, Introduction to Business, Business Machines, Retail Selling and Merchandising, General Math, Record Keeping, Typing, Shorthand and a Teacher's Aide Program. There were also ROP classes which many students enjoyed taking. Banking Careers was one which was offered. Stephanie Howard commented on her business class, "Record Keeping was a good class because you learn how to take care of your finances and other things." Many jobs require the types of skills and knowledge gained in the business department at Manteca High.

Reading, Writing, Grammar

In a gradual change from latter, English programs focused more attention on basics under guidelines set by district education administrators. These guidelines also included required proficiency tests to graduate along with a stronger emphasis on the skills needed in both college and life. Grammar and lots of writing were the main course of most English classes, spiced with numerous forays into literature. Conversely, many senior English programs consisted mainly of required literature like THE CANTERBURY TALES, BEOWULF, and MACBETH. Students were also encouraged to participate in class discussions as some teachers tried to limit time spent lecturing. Mrs. Carr gave one of her reasons for this policy, "Kids get enough of that in other classes."

The guitar class had approximately 15 beginner students learning a balanced approach to guitar playing, the emphasis being on the basic instead of learning a definite style. "This can come later, after the student decides which course of study they would rather pursue, be it jazz, classical, flamingo, etc.," said Mr. Short. Teaching commercial and basic art was Kirt Giovannoni. His art program included ceramics, sculpture, and leather and wire working. Bill Forbis headed the photography department. Mr. Earl Pimentel

Mr. Steve Sonntag

Strange sounding phrases echoed through the halls as students began reading books that teachers handed out at the beginning of the year. Students began learning foreign languages for many reasons. "I started Spanish because I always thought that it sounded pretty and now, I can talk to many more people," said the fourth year Spanish student, Michelle Foote. "Students usually find that a foreign language will help them later in college," said Mr. Sonntag. Goodten Tag, Oui Oui, and help were the most used words. Many students complained and gripped about all the work but, all said that the extra language would really help in the future.

Making It Through Life

The homemakers of yesterday and today had mornings and afternoons of making frosting flowers, Christmas decorations, and lots of good things to eat. "Cooking isn't just baking and frying, you have to be able to eat it afterwards, too," said Mrs. Figone. All this training and more began in Forty Wing. Boys and girls both learned the all important skills it takes to function inside a home. With classes like, "On Your Own" and "Marriage and Family", students learned the good and bad about everything. They gained the confidence they needed to survive in our big world. "I have always liked to make things for people and now I can," said Tina Stephenson.

Popular Mechanics

Offering classes like Electronics, Wood, Metal, Drafting, Mill Cabinet and Radio and T.V. Repair, the Industrial Arts department was popular for many students. Teaching classes in this department were department chairman Chuck Disalvo, Delbert Hull, Bill Boyd and Bill Roney. Some of the skills learned included working with wood and woodworking tools to produce everything from hope chests to chess boards. In electronics, students concentrated on wiring and circuit boards and other clever inventions. Some advanced students even worked on trailers and whole buildings. "I like my drafting class because it lets me design things that I might not otherwise think of," said one drafting student. Although most students were just beginners, almost all of them expressed an interest in continuing work in this department, and to continue to work with their hands to create and improve their surroundings.

Skilled Mathematicians

Working with linear equations, parabolas, fractions, triangles and algebraic expressions were just a few of the skills emphasized in the math department. To learn the many different skills, students enrolled in classes like Basic Math, Math Lab, Algebra A and B, Algebra I, Geometry, Advanced Algebra, Math Analysis I and II, and Consumer Math I and II. Teaching these classes were department chairman Harold Martin, Mike Henry, Trulen Karnes, Lindsay Munoz, Doug Horton and Brenda Rushing. "The only thing I don't like about math is that you have to think too hard," said freshman Deanne Detmers of her Algebra A class. "But it can help you depending on what you want to do after high school," she concluded.

Let's Get Physical

"I like P.E. because it gives our squad a chance to practice cheerleading," said Stacey Luis who had Drill Team 1st period. Walker Vick was the director of the Physical Education Department, in which a variety of classes were offered. They consisted of Body Tone, which was for girls where they did stretches and worked with light weights; Body Development was a weightlifting class for boys; Individual Sports included one new sport, racquetball; Team Sports included basketball, baseball, etc.; Self Improvement was a class for the physically handicapped; Core P.E. for freshman gave an overview of all athletics; Drill Team was for all spiritleaders, mascots and buffalo gals used as a practice period; Girls and Boys Athletics was 6th period for students involved in after school sports. "Coach Founts really goes off in P.E.," said John Camara referring to football practice 6th period.

Laws of the Universe

Exciting, fun and interesting was what Joe Handy, Larry Lathrop, James Matthews and Dan Ocheltree made science. "My goal in Geology is to make Mr. Handy's hall of fame, because then you're in the books forever," said James Dickman. In the past years that Mr. Handy has been teaching, he has had his own hall of fame, in which everybody who has done something superior in Geology gets their name in. Geology, Chemistry, Physics, Earth/Space Science, Ecology, Biology and Physiology were the science classes offered to all students. Students really enjoyed getting out of school for Mr. Lathrop's yearly field trip to the hills. It was a day full of excitement and new experiences. Dissecting sharks could be called fun, at least Sherie Shaw thought so when she said, "Biology is fun. You get to cut up sharks and see what's inside!" When Mr. Matthews was asked what it's like to teach science he said, "Teaching science is a challenge because the teacher must constantly study to keep up with the changes. New things are being discovered everyday."

Making History a Habit

Social Studies, being an active part in every students schedule, ranged from International Relations to U.S. History. "Mr. Fix's Government class is a very interesting class because we never talk about the same thing. He is a great teacher and knows what he's doing," stated Ralph Dominquez. Classes offered were Basic World History, World History, U.S. History, American Government, International Relations, Anthropology, and Psychology. Teaching these classes were Mr. Dane Connors, Mr. Don Eid, Mr. Terrance Fix, Mr. Art Johnson, Mr. Armen Markarian, Mr. Jack Miller and Mr. Steve Winter. "Mr. Miller really gets off on teaching History, I enjoy his class," said Bill Ryan. Social Science gave the students a better understanding of the world.

A Learning Experience

The Special Education program is run by Mr. Will Egerer and Dr. Irv Shaw. These classes are designed for students with learning disabilities and problems. They spend only part of the day in these classes and the remainder of the classes are in regular groups. Mr. Egerer's students also have assignments in the community businesses for experience and school credit. "Approximately four percent of classroom students have some form of learning disability," said Dr. Shaw. These classes are small, allowing the teacher to work more closely with each student. Connie Ramsey, the aide for Mr. Egerer's class worked directly with each student assisting them with any subject in which they need help.

REMEMBER

1982 was the time, Manteca High was the place. And what a place in time it was. It was a time to realize the importance of friendship, a time to begin to understand. The year flew out from beneath us, almost like a dream. The year brought with it new hopes for the future and at the same time shattered those hopes, leaving us only with the determination that we must have it we were to go on. 1982 was a year of great success and great failure. We faced new challenges one by one, fighting to the end. Sometimes we won. Sometimes we didn't. From the failures we began to comprehend what it takes to be proud in the face of humiliation. From the victories we learned to believe in ourselves even when no one else would. No matter what the odds, our true grit always showed, and we gained respect for it. 1982 was more than a year, it was an experience into the real world. Seniors were forced ahead and to make plans. Graduation was to be the beginning of life. We all had to say goodbye to someone we loved, knowing that even though we might never meet again, the memories of 1982 would last forever. The memories of the lost football games, the parties that made the weekends live, the endless cruising on Friday and Saturday nights, the practices you thought you would never live through, the late night deadlines, the tests that brought you back to reality, and the ever-so-special friends along the way. The friends you cried with, the friends you laughed with, the firends that made life worth living. 1982 was a time for togetherness, unity, and that bond that is so rare, the commitment and dedication that is true, and everlasting friendship. No matter what we do, where we go, or who we become, we will always have this book to remind us of our high school years. We will always pride in our Tower, in friendships golden hour. May we always do honor to our high. Goodbye, good luck, and whatever may happen, keep the spirit of 1982 alive.

Thanks to All!

s your layout done?!" was one of
y favorite questions a day before
leadline. Many hours were spent
oducing the Tower, hours that
ll never be forgoten. Thanks to
u we put together the best year-
ok Manteca High has ever seen.
nd that's saying a lot when we
d to work with a debt.

special thanks goes to each and
ery staff member who worked
ry hard on this year's book. I
ow none of you will ever forget
yelling, but we did it, we got
e job done without too much has-
. And thanks for always getting
ur layouts done on time.

ff Leach for making things a
ole lot easier, You helped me so
ch with all your great ideas and

ther.

ndy Saenz for standing by my
e and keeping all the Ad materi-
al in order. You really helped things run smoothly. Robin Cabral, thanks for always being there, I could always depend on you. And good luck to you next year, you'll need it. I would like to thank you both for making yearbook camp so much fun, something I will always remember. (preppies)

Photographers, for putting up with all the complaints and gripes from the staff members. I know that before every deadline there was a lot of tension but you always came through.

My sincere appreciation goes to my Advisor, Mr. Bill Forbis. You supported our staff and all of our ideas throughout the year. Thanks for letting me handle all of the responsibility of my staff, you helped my learn a lot. I thank you for my most memorable year ever.

To Bill Berlin, for always accepting my phone calls at all hours of the day and night and answering my questions. For bringing multitudes of type sheets, finals, and roughing it's, that we never used sparingly.

Thanks to Mrs. Teunissin for keeping all our financial matters in order.

A special thanks goes to Glenn Kahl of Kahl photography, for all the time spent in taking ALL of our color pictures and proofing them for us. Also, for special help and advice, like the Polaroid pictures for Seniors who didn't get their's taken.

To Dale Johnson and Pat Keenan of Johnson's Studio for printing our color pictures of homecoming which turned out great.

Perry's and Kandids for the beautiful job you did on the Senior pictures and for your support.

Manteca News' sports photographer, Brenda Handy and Keith Anglin and to Manteca Bulletin's sports photographers Kevin Sarina and Jeff Pohorski for the excellent pictures, we so often needed.

To all the teachers for tolerating the passes sent to your students for pictures we needed, and for support.

And most of all to you who made this book most memorable. You really make M.H.S. the place to be and without you we never would have accomplished this book!

Thank you

To Keith

your a great guy I hope you have a great summer and stay nice don't let the summer chainge you I bet that your going to party all the summer just don't overdo it If you know what I mean keep intouch and stay out of trouble.

Love
Venus.

Ps don't forget to bring my picture I want.

Yo Keith!
Long time no see, huh?
Hope you're doing great.
Anyway, just wanted to say
Keep that great attitude.
Anyway, I'm still waiting
for that picture.
Stay out of trouble,
Mel.

Keith, Well, I'm really gonna miss you this summer! Keith you a wonderful friend & I'm really glad that I got to know you my bud! Stay the way you are cuz your the greatest! Have a wonderful summer, & you better come a visit me. I mean it!

Love ya lots & lots!

Cassi

Keith-

You a really great guy (when your not teasing me!) and I'm really glad that I got to know ya! You and Dave made Mr. Eid's class really interesting - but then! Have a great summer- Don't be partying too much!

Take Care-

'82 Luv ya around-

Love, Kyle

Keith,
P.E. this year was really fun 'cuz of you. You made Baseball fun. Believe it? I'm so glad I have met you guys we remain friends. Hard luck with the rest of your years at M.H.S. Don't party too much over the summer. God Bless you.
Love
Keri '82

Keith,
I hope you have the best summer you've ever had in your entire life. Try your best not to get into trouble but if you must get into trouble be careful. Party a little but not too much.
Take Care "83"
Larry Haworth

Keith,
you a real
nice guy but know
for a long time, ever
since I went with Cory
and all you guys used
to come over my house, guess
you guys were never with each
each other, & m sorry I never got
to give you a picture but I don't
have any decent ones. Love always
Janis Acker

Keith,
You're a good kid
& sometimes a
good friend. Hope
to have friend, hope
class next year ya have
fun this summer.
Dave Rosa

Keith,
to a cool guy
I met this year in
metal shop. Have a nice
summer, and make the best out
of your Life. Smoke dope, drink beer,
and party your heart out. Stay cool
and see your at some parties.
your friend,
Randy Blandino
